Public Service Commission of South Carolina**

Docket No. 2022-89-G

**Application of Piedmont Natural Gas Company, Incorporated
for an Adjustment of Rates and Charges**

**Direct Testimony and Exhibits
of
Pia K. Powers**

**On Behalf Of
Piedmont Natural Gas Company, Inc.**

1 **Q. Please state your name and business address.**

2 A. My name is Pia K. Powers. My business address is 4720 Piedmont Row
3 Drive, Charlotte, North Carolina.

4 **Q. By whom and in what capacity are you employed?**

5 A. I am the Managing Director – Gas Rates & Regulatory for Piedmont
6 Natural Gas Company, Inc. (“Piedmont” or the “Company”). In this
7 capacity, I am responsible for a variety of regulatory matters including
8 leading the development and execution of all rate requests, report
9 filings, and other requests by Piedmont to its state economic regulators.

10 **Q. Please describe your educational and professional background.**

11 A. I have a Bachelor of Arts degree in economics from Fairfield University
12 and a Master of Science degree in environmental and resource
13 economics from the University College London. Between earning my
14 degrees, I undertook a year of research and study in Malta on economic
15 development under a grant awarded by the Fulbright U.S. Student
16 Program. From 1999 through 2003, I was employed as an Economist
17 with the Energy Information Administration, the statistical agency of
18 the U.S. Department of Energy, where I primarily focused on
19 international energy and carbon emissions forecasting for the agency’s
20 annual publication of the *International Energy Outlook*. I have worked
21 at Piedmont since 2003, first in Pipeline Services with responsibilities
22 for the Company’s upstream pipeline and storage capacity planning and
23 relations along with oversight of Federal Energy Regulatory

1 Commission activities regarding interstate pipeline and storage services
2 that Piedmont utilizes. In the time thereafter, I took on several roles of
3 increasing responsibility and oversight of Piedmont's Rates &
4 Regulatory Affairs. In 2019, I assumed my current position as
5 Managing Director of Gas Rates & Regulatory.

6 **Q. Have you previously testified before this Commission or any other**
7 **regulatory authority?**

8 **A.** Yes. I have presented testimony before the Public Service Commission
9 of South Carolina ("Commission"), the North Carolina Utilities
10 Commission, the Tennessee Public Utility Commission and its
11 predecessor the Tennessee Regulatory Authority on a number of
12 occasions.

13 **Q. What is the purpose of your testimony in this proceeding?**

14 **A.** The purpose of my testimony in this proceeding is to support
15 Piedmont's application and the rate relief sought therein. Specifically,
16 my testimony addresses the following subjects: (1) the nature and scope
17 of Piedmont's revenue request in this proceeding; (2) the impact of the
18 revenue request on customers; (3) the proposed changes to Piedmont's
19 Tariff, which consists of its various Rate Schedules and Service
20 Regulations; and (4) Piedmont's election to resume operation under the
21 terms of the Rate Stabilization Act ("RSA") upon the conclusion of this
22 general rate case proceeding.

1 **Q. Do any exhibits accompany your testimony?**

2 A. Yes. The following exhibits are part of my testimony:

3 Exhibit__(PKP-1) Tariff Changes in red-line format

4 Exhibit__(PKP-2) Tariff Changes in clean format

5 Exhibit__(PKP-3) Proposed Rates & Charges sheet

6 **Q. Were these exhibits prepared by you or under your direction?**

7 A. Yes.

8 **Piedmont's Revenue Request**

9 **Q. What is Piedmont's revenue request in this proceeding?**

10 A. Piedmont is requesting approval of revised rates in support of its cost of
11 service increase that requires approximately \$6.7 million in additional
12 annual revenues. This overall revenue increase is comprised of two
13 components: a \$9.6 million increase to base margin revenues, combined
14 with a \$2.9 million decrease to demand cost of gas revenues.¹

15 **Q. Can you provide some context for this level of revenue request?**

16 A. Yes. As filed, Piedmont's revenue request represents a 3.4% increase
17 to its operating revenues in South Carolina needed to cover the
18 Company's costs to continue providing safe, adequate, and reliable
19 natural gas service to the Company's customers in South Carolina.
20 These costs include a reasonable return on invested capital. Absent the

¹ The accounting and recovery of the demand cost of gas, in addition to the commodity cost of gas, is subject to the terms and conditions of the Gas Cost Recovery Mechanism (Appendix A of Piedmont's South Carolina Service Regulations) and the Commission's annual review of the purchased gas adjustment and purchasing policies of Piedmont as required by Order No. 1988-294.

1 proposed rate adjustment, the Company would yield an insufficient
2 overall rate of return of 5.83% and return on equity of 7.29%. These
3 returns are significantly lower than the respective returns of 7.07% and
4 9.80% upon which rates were established in Piedmont's last annual
5 RSA proceeding (Docket No. 2021-7-G) effective November 1, 2021.

6 These low returns, which drive the Company's need for the 3.4%
7 increase in operating revenues, are predominantly a result of the
8 increase to the balance of the Company's utility gas plant investment
9 since the last annual RSA proceeding. Such plant in service increase
10 amounts to approximately \$103.4 million, and was required to provide
11 for the ongoing provision of reliable and safe natural gas service to
12 Piedmont's customers throughout South Carolina. In other words,
13 \$103.4 million of the \$847.6 million of Piedmont's pro forma South
14 Carolina plant in service balance in this proceeding is currently not
15 being recovered through current customer rates and charges, and now
16 needs to be incorporated into Piedmont's base margin rates.

17 **Q. Why isn't Piedmont requesting this revenue increase as part of an**
18 **annual RSA proceeding?**

19 A. Piedmont has been operating under the RSA since 2005. In 2019, the
20 Commission approved a Settlement Agreement between Piedmont and
21 the Office of Regulatory Staff in Docket No. 2019-7-G. Pursuant to
22 Paragraph 6 of that Settlement Agreement, Piedmont is obligated to file
23 a general rate case with the Commission on or before April 1, 2022. The

1 revenue increase pursuant to this general rate case is being requested in
2 lieu of any rate adjustment under the RSA in 2022; such annual RSA
3 rate adjustment would have otherwise been filed by the Company on
4 June 15, 2022 for effect November 1, 2022.

5 **Q. Is the Company's revenue request in this general rate case less than**
6 **the amount of the revenue request that would have otherwise been**
7 **filed under the RSA this year?**

8 A. Yes. This general rate case revenue request is significantly smaller than
9 the revenue request that would have otherwise been filed by the
10 Company under an RSA this year. The reason is because such a revenue
11 request by the Company under the RSA would have been required to be
12 made at a much higher return on equity, namely the return on equity
13 authorized for Piedmont in its last general rate case, which was in 2002.

14 **Impact of Revenue Request on Piedmont's Customers**

15 **Q. What will be the impact on customers of Piedmont's revenue**
16 **request in this docket?**

17 A. The actual bill impact to Piedmont's customer base will vary by
18 individual customer and by month. Monthly customer bills for service
19 rendered by Piedmont are typically highest during the winter season due
20 to more natural gas being used by the customer for their space heating
21 needs. Piedmont's revenue request in this docket, if granted without
22 modification, would increase Piedmont's annual revenue by
23 approximately \$46 per residential customer on average (or a levelized

1 average monthly increase of just under \$4 per residential customer).²

2 In evaluating this increase, it is important to put the Company's
3 proposed revenue increase in further context. The costs to customers of
4 natural gas service on Piedmont's system previously peaked in 2008
5 when the commodity cost of natural gas was regularly above \$10.00 per
6 dekatherm. In the Fall of 2008, the impact of dramatically lower natural
7 gas costs began to be felt as a result of natural gas production from shale
8 being delivered into the eastern United States. Since 2008, the price of
9 natural gas has been dramatically lower than it was prior to that time –
10 mostly in the \$2.00 to \$4.00 per dekatherm range. In the interim period,
11 this allowed Piedmont to provide service to customers at total costs
12 below what they experienced in 2008 even after significant investment
13 in our infrastructure made to safely and reliably serve the Company's
14 growing customer base in South Carolina. We are now approaching
15 total annual costs for gas service that approximate those that were
16 incurred roughly 13 years ago. Thus, while the revenue increase
17 requested in this docket is meaningful, the overall cost of natural gas
18 service has been, and continues to be, reasonable and remains at levels
19 approximating service provided more than a decade ago. I am not
20 familiar with any other essential utility service that can make a

² Exhibit 3 shown in the direct testimony of Piedmont witness Kally Couzens demonstrates that Piedmont is seeking to increase the annual revenue from the residential class of customers by approximately \$6.47 million. Piedmont has approximately 141,000 residential customers in South Carolina. Therefore, the requested revenue increase per residential customer is \$46 (= \$6.47 million ÷ 141,000 residential customers).

1 comparable claim.

2 I would also note that Piedmont has achieved significant
3 efficiencies in its annual operations and maintenance expenditures since
4 its merger with Duke Energy Corporation, which Piedmont's customers
5 benefit from through the ratemaking process in proceedings such as
6 annual RSA proceedings and this general rate case.

7 **Q. How will Piedmont address any negative impacts of the requested**
8 **rate increase on its customers?**

9 A. Some of our customers struggle to pay our bills. We are aware that any
10 increase in rates will make that struggle more difficult. With rate relief
11 properly aligned to the Company's actual cost of service, Piedmont is
12 able to maintain the flexibility and wherewithal to continue to offer and
13 provide deferred payment options for customers who are experiencing
14 difficulty in meeting their payment obligations. Piedmont also
15 scrupulously abides by the Commission's billing requirements, as well
16 as its disconnection procedures in the small number of cases where
17 termination of service for non-payment becomes necessary as a last
18 resort measure.

19 **Changes to Piedmont's Tariff**

20 **Q. Is Piedmont proposing any changes to its South Carolina Tariff?**

21 A. Yes. The Company is proposing a handful of changes to streamline the
22 Tariff, namely for the purpose of cleaning up outdated, duplicative,
23 incorrect or unnecessary terminology and references, updating forms,

1 eliminating dormant terms and conditions, and clarifying certain
2 existing conditions for transparency within the Tariff. The proposed
3 changes to Piedmont's Tariff are shown in red-line and clean format in
4 Exhibit_(PKP-1) and Exhibit_(PKP-2), respectively. The main Tariff
5 changes are summarized as follows:

6 1) Rate Schedule 213: The main change is to remove the
7 provision for Standby Sales Service, which is an obsolete optional
8 service that has not been utilized by Piedmont's customers. All other
9 changes to this Rate Schedule are administrative in nature as described
10 above, largely clarifying already existing conditions to customers
11 served under this firm transportation service Rate Schedule.

12 2) Rate Schedule 207: The main change is the elimination of the
13 reference to Standby Sales Service in order to align with its removal
14 from Rate Schedule 213. All other changes to this Rate Schedule are
15 administrative in nature.

16 3) Rate Schedules 201, 202, 252, 203, 204, 205, 206, 214, 242,
17 243: The changes to these various Rate Schedule are administrative in
18 nature as described above, largely clean-up and clarification of existing
19 conditions to customers served under these Rate Schedules.

20 4) Service Regulations including Appendices A and B,
21 Economic Development Rider: The changes to these sections of the
22 Tariff are administrative in nature as described above, largely clean-up
23 and clarification of existing conditions.

1 **Q. Please explain the contents of the Rates and Charges Tariff sheet**
2 **shown in Exhibit_(PKP-3).**

3 A. The rates and charges shown in this exhibit align with the proposed rates
4 and charges represented in the testimony and exhibits of Piedmont
5 witness Kally Couzens as well as Appendix I, Schedule 1 to the
6 Company's Application. If the Company's proposed rates and charges
7 in this rate case proceeding were to be approved without modification,
8 this Rates and Charges Tariff sheet would be submitted to the
9 Commission's eTariff system.

10 **Election under the RSA**

11 **Q. Is Piedmont electing to operate under the RSA prospectively?**

12 A. Yes. As part of this general rate case and pursuant to Section 58-5-415
13 of the RSA, Piedmont is electing to continue to operate under the RSA
14 upon the conclusion of this general rate case. Accordingly, by June 15,
15 2023, Piedmont shall file (1) its quarterly monitoring report for the
16 twelve-month period ending March 31, 2023, and (2) the required
17 revenue deficiency calculations and proposed changes to its tariff rates
18 necessary to permit Piedmont the opportunity to earn the rate of return
19 on common equity established in its last general rate case (this general
20 rate case), as specified in Section 58-5-420(1). Any adjustment to
21 Piedmont's rates under that forthcoming annual RSA filing would
22 become effective on or after the first billing cycle of November 2023.

1 **Q. What is expected to be different about Piedmont's operation under**
2 **the RSA going forward, compared to its operation under the RSA**
3 **since 2005?**

4 A. Piedmont's going forward operation under the RSA would conform
5 with the terms prescribed under the RSA, which include the applicable
6 accounting and proforma adjustments adopted by the Commission for
7 ratemaking in this general rate case. In contrast, Piedmont's operation
8 under the RSA since 2005 has generally relied upon such factors and
9 methodologies from its last general rate case of 2002.

10 **Q. Do you have anything further to add to your testimony?**

11 A. No, not at this time.

RATE SCHEDULE 203
LARGE GENERAL SALES SERVICE

Billing Demand

A Customer's billing demand determinant shall be the highest daily usage during the period from November 1 to March 31 of the previous winter period as metered and reported to the Company by the telemetering equipment installed by the Company.

Changes to the Customer's billing demand determinant will become effective June 1 of each year.

For Customers commencing initial ~~G~~gas ~~S~~service under this Rate Schedule, the billing demand shall be the highest actual daily consumption to date during that initial partial year, but shall be a minimum of 500 ~~deka~~therms. If a Customer has received ~~G~~gas ~~S~~service from the Company prior to receiving ~~S~~service under this Rate Schedule but does not have daily telemetered records to determine peak day usage as described above, the Company shall use 6% of that Customer's highest previous winter month's consumption for the billing demand determinant.

The calculation of Customer billing determinants hereunder shall not create any right to Gas Service at a specified level. All changes to character or quantity of Gas Service shall be subject to the Company's consent based on the evaluation and analysis described in the Company's Service Regulations.

Volumetric Charges

The rate per therm shall be billed on the quantity of ~~G~~gas delivered by Company to Customer. Any adjustments to the quantity of ~~G~~gas delivered due to meter failure or inaccuracy of measurement shall be determined as provided in the Commission Rules ~~and Regulations of the Commission.~~

Payment of Bills

Bills are net and due upon receipt. Bills become past due 15 days after bill date.

Late Payment Charge

A late payment charge of one and a half percent (1 ½%) per month will be applied to all balances not paid prior to the next month's billing date.

Service Interruption and Curtailment

RATE SCHEDULE 206
SCHEDULE FOR LIMITING AND CURTAILING SERVICE

Applicability and Character of Service

This Service Schedule defines the types of Curtailment, Interruption and penalty charges that the Company may invoke from time to time for Customers receiving firm or interruptible Service due to the occurrence of extreme weather conditions, Operating Conditions, Force Majeure events, or other causes for limitation of Service specified in the Company's Service Regulations and Rate Schedules, and describes the process and procedures to be followed in the implementation of Gas Service restrictions.

Distribution Pressure Curtailments

Due to extreme weather conditions, Operating Conditions or Force Majeure events as defined in the Company's Service Regulations, or the demands of the Company's firm Customers as the same may affect the Company's ability to provide interruptible Service, the Company may experience localized pressure deficiencies. During such times and within the areas affected, the Company will first curtail Service to interruptible Customers served under Rate Schedule 204, Rate Schedule 208, or Rate Schedule 214, by priority of their margin contribution to the Company (curtailing Customers with the lowest margin rate first) until the pressure situation can be alleviated. In the unlikely event that further interruption is required, the Company will proceed with Curtailment by margin contribution considering end use, impact on the local economy, and ~~the Rules and Regulations of the Public Service Commission of South Carolina~~ Commission Rules.

Supply or Capacity Related Curtailments

In situations when supply and capacity services contracted by the Company are not sufficient to meet the full requirements of Customers desiring firm sales Service from the Company, the Company will first curtail Service to interruptible sales Customers receiving Service under Rate Schedule 204, or Rate Schedule 208 by priority of their margin contribution to the Company. The Company reserves the right at the Company's discretion to purchase quantities being delivered to the Company by Customers under Rate Schedule 214 at market prices in order to serve firm Customers without operable alternative fuel capability. In the unlikely event that further interruption is required, the Company will proceed with Curtailment by margin contribution considering end use, impact on the local economy, and ~~the Rules and Regulations of the Public Service Commission of South Carolina~~ Commission Rules.

Emergency Service

The Company will make every reasonable effort to deliver/redeliver plant protection volumes of Gas to industrial and commercial Customers that do not have standby fuel systems sufficient to prevent damage to facilities or danger to personnel, or to Customers that find it impossible to continue operations on the Customer's standby or alternate energy source as a result of a bona fide existing or threatened emergency. This includes the protection of such existing material in process that would otherwise be destroyed, or deliveries required to maintain plant production. All emergency Service is interruptible and is of a discretionary nature on the part of the Company and implies no present or future obligation of the Company to any Customer to provide

such ~~S~~service on either a temporary or continuing basis. Deliveries/Redeliveries of Gas for emergency ~~S~~service hereunder shall be made pursuant only to advance operating arrangements between the Company's authorized personnel and the Customer and shall be subject to modification, ~~e~~Curtailment or ~~i~~Interruption at any time should the Company deem it necessary.

Rate for Emergency Service

If the Company has authorized the Customer to receive emergency ~~s~~Service as provided in the above paragraph, then all Gas so consumed by the Customer for emergency ~~S~~service will be at a rate set forth on the Company's "Rates and Charges" tariff sheet, plus the usage rate for Rate Schedule 204 and 214 as applicable, plus the higher of two commodity indices - a "Monthly Contract Price" or a "Daily Price" - for each dekatherm of consumption. "Monthly Contract" shall be defined as the monthly contract index price for the applicable calendar month as first published in Inside F.E.R.C.'s - Gas Market Report in the table titled "Monthly Bidweek Spot Gas Prices" under the heading "Louisiana/Southeast Transco, zone 3" in the column titled "Index", plus Transco's zone 3 to zone 5 IT transportation rate inclusive of all surcharges and fuel. "Daily Price" shall be defined as the daily price for ~~g~~Gas defined by Gas Daily as stated in the "Daily Price Survey", "Northeast", "Transco, zone 6 non-N.Y.", "Midpoint" price. For days of consumption when the "Monthly Contract Price" is not published, the "Monthly Contract Price" shall equal the corresponding "Daily Price" published for the first day of the month of flow. For days of consumption when the "Daily Price" is not published, the "Daily Price" shall equal the average of the corresponding "Daily Price" as published on the nearest preceding and nearest subsequent day. Customers who bring into Piedmont's system authorized quantities of Gas for emergency ~~s~~Service redeliveries shall not be subject to the commodity index billing stated above for such quantities. The Customer's consumption will continue to be billed hereunder until the Company notifies the Customer that either (1) further Gas sales or redeliveries may be made under the Customer's regular Rate Schedule or (2) complete ~~e~~Curtailment is unavoidable and that further Gas sales or redeliveries will be considered unauthorized.

Penalty for Unauthorized Gas

If at any time a Customer fails to discontinue the consumption of Gas limited by the Company pursuant to an Operational Order, fails to abide by imbalance restrictions imposed by the Company through the issuance of an Operational Order or otherwise takes Gas or delivers Gas to the Company at levels in excess of the quantities specified by the Company, any such quantities shall constitute "Unauthorized Gas". For each dekatherm of such Unauthorized Gas, Customer shall pay to the Company a rate set forth on the Company's "Rates and Charges" tariff sheet, ~~p~~plus the usage rate for Rate Schedule 204 (sales) or Rate Schedule 214 (transportation), plus the higher of two ~~G~~gas commodity indices - a "Monthly Contract Price" or a "Daily Price" as both are defined above. Such three-part rate shall constitute the Unauthorized Gas penalty charge applicable except in instances of Customer's failure to abide by restrictions on long imbalances which shall be subject to the standalone rate set forth on the Company's "Rates and Charges" tariff sheet. Customers causing Unauthorized Gas shall be further subject to immediate termination of ~~s~~Service or disconnection from the Company's system. In the event of such

termination of ~~S~~service or disconnection, ~~S~~service shall not be restored until the Commission-approved reconnection fee has been paid by Customer to Company.

The Customer's consumption and/or Gas deliveries to the Company will continue to be unauthorized until the Company notifies the Customer that either (1) the ~~C~~urtailment event, Operational Order or other restriction imposed by the Company has been lifted, thereby enabling further Gas sales or redelivery ~~s~~Service to be made under the Customer's regular ~~R~~ate ~~S~~schedule, or (2) the Company agrees to provide emergency ~~s~~Service under this Rate Schedule.

The Customer shall be liable for the Unauthorized Gas penalty charge together with and in addition to any incremental charges or assessments (including, but not limited to penalties) by the upstream interstate pipeline during the time of the unauthorized usage by such Customer. The payment of a penalty for Unauthorized Gas shall not under any circumstances be considered as giving any such Customer the right to fail to comply with the Company's Operational Orders or other imposed restrictions, nor shall such payment be considered as a substitute for any other remedies available to the Company or any other Customer against the offending Customer for failure to adhere to its obligations under the provisions of this Rate Schedule.

Payment of Bills

Bills are net and due upon receipt. Bills become past due 15 days after bill date.

Late Payment Charge

A late payment charge of one and one-half percent (1½%) per month will be applied to all customers' balances not paid prior to the next month's billing date.

RATE SCHEDULE 207
BALANCING, CASH-OUT, AND AGENCY AUTHORIZATION

Applicability

The provisions of this Rate Schedule 207 shall apply to all ~~tariffed~~ Transportation Services provided by the Company under Rate Schedules 213 and 214, as well as all ~~T~~Transportation Special ~~e~~Contracts, unless expressly provided otherwise therein.

Limitations on Intra-month Imbalances

Receipts and deliveries of Gas hereunder shall be at uniform rates of flow with no significant fluctuations or imbalances. Customer (or its Agent) is responsible to match daily ~~g~~Gas deliveries into the Company's system with daily ~~g~~Gas consumption by Customer as closely as possible. Any imbalances shall be corrected by the Customer (or its Agent), insofar as practicable, during the month in which they occur. Customer (or its Agent) is expected to proactively manage intra-month imbalances. Customer (or its Agent) may adjust its daily nominations during a month in order to correct any accumulated imbalance and maintain a monthly balance subject to the operating limitations of the Company. The Company reserves the right to limit the amount of such imbalances to avoid operating problems, comply with balancing requirements of the upstream pipeline(s), and to mitigate the need to acquire additional daily supply at prices that would adversely affect sales customers. The Customer (or its Agent) will be responsible for any imbalance charges assessed by upstream pipeline(s) in connection with any Gas transported by the Customer under this Rate Schedule.

In the event Customer (or its Agent) fails to abide by the requirements set forth above, the Company shall have the right to curtail deliveries to Customer (Customers in a transportation pool operated by a single Agent will be curtailed on a pro rata basis based on nominated quantities) if an imbalance is negative or reducing Customer's nominated quantities if an imbalance is positive. The Customer will be responsible for any imbalance charges assessed by upstream pipeline(s) in connection with any Gas transported by the Customer. The Company reserves the right to take other reasonable action to mitigate system operational problems. The Company will use its reasonable efforts to notify the Customer or the Customer's Agent before proceeding with a unilateral nomination reduction or delivery Curtailment and will notify Customer of any reduction to Customer's nomination that has been instituted by the Company. ~~The Company reserves the right to initiate Standby Sales Service if elected by the Customer pursuant to Rate Schedule 213 when, in the judgment of the Company, such action is necessary to reduce or eliminate operational problems resulting from the gas imbalances of the Customer. The Company will use reasonable efforts to notify the Customer or the Customers' Agent before initiating Standby Sales Service hereunder.~~

No later than one-hour prior to the NAESB deadline for the timely nomination cycle on the fifth business day prior to the beginning of each month, the Customer must inform the Company of the nominating Agent for Gas to be transported. If no notification to the contrary is provided, the Agent providing Service during the prior month shall be deemed to be the nominating Agent by default. the fourth business day prior to the beginning of each month, the Customer shall submit a timely and valid nomination for transportation. Changes to nominations for ~~g~~G~~as~~ transportation within the month are due to the Company no later than one-hour prior to the NAESB deadline for the timely nomination cycle on the day prior to ~~g~~G~~as~~ flow. Company will have no obligation to accommodate intraday nomination changes.

Balancing On Upstream Pipeline(s)

It shall be the Customer's responsibility to remain in balance on a daily and monthly basis with upstream pipeline(s) to avoid any assessment of penalties by such pipeline(s) against the Company. If the Company is assessed a penalty by an upstream pipeline, the Company shall have the right to pass-through all such penalties to the Customer or its Agent if the Customer has had an imbalance with the Company during the period for which the penalty was assessed.

Monthly Imbalance Resolution

Any differences between the monthly quantities delivered to the Company's city gate facilities for the account of the Customer, and the monthly quantities consumed by the Customer as metered by the Company, shall be the monthly imbalance. The Percentage of Imbalance is defined as the monthly imbalance divided by the monthly quantities consumed by the customer. Unless the Company and Customer agree to correct imbalances "in kind," the imbalance shall be resolved monthly by "cashing out" the imbalances as they are known to exist at that time. If the Customer consumes more ~~g~~G~~as~~ than it has delivered to the Company, the Customer will be deemed to be "short" by the amount of the deficiency, and the Company will sell the amount of the deficiency to the Customer by charging the price as specified below. If the Customer consumes less ~~G~~g~~as~~ than has been delivered to the Company, the Customer will be deemed to be "long" by the amount of the surplus, and the Company will buy the amount of the surplus from the Customer by paying the price as specified below.

If the Customer's imbalance is less than or equal to 2% of the total monthly volume consumed, or if the total aggregated imbalance for the Agent is less than or equal to 2% of the total volume consumed by all of the Agent's Customers in that transportation pool, then the price paid by the Company if the imbalance is long or the price paid by the Customer (or Agent) if the imbalance is short will be the sum of (a) the average of all published indices for the month as published in Natural Gas Week as stated in the "Gas Price Report" table under "Louisiana, Gulf Coast, Onshore, Spot Delivered to Pipeline" plus (b) the rate under Transcontinental Gas Pipe Line's Rate Schedule IT, including applicable fuel and surcharges, for service from Zone 3 to Zone 5.

If the Customer's Percentage of Imbalance is more than 2%, or if the total aggregated Percentage of Imbalance for the Agent is more than 2% for all of the Agent's Customers in that transportation pool, then the price paid by the Company if the imbalance is long is the lower of the monthly index price listed in Platts Inside FERC's Gas Market Report for Transcontinental Gas Pipe Line

RATE SCHEDULE 208 **NEGOTIATED SERVICE**

Applicability and Character of Service

On occasions, the Company may have Gas that it cannot sell or Transportation Service that it cannot provide pursuant to its Rate Schedules because its maximum rates are not competitive with alternate fuels or energy sources. On such occasions, a Service opportunity is lost to the Company and to its Customers. This Rate Schedule is designed to permit the Company to provide Services at negotiated rates.

Gas Service under this Rate Schedule is available on a limited term basis to all non-residential Customers in the area served by the Company in the State of South Carolina who receive Services under the Company's Rate Schedules 202, 252, 242, 203, 213, 204 or 214. The Company may provide negotiated Transportation and Sales Service to Customers who receive Service under Rate Schedule 214 in order to compete with alternate fuels or energy sources. Unless otherwise agreed to by the Company, Service under this Rate Schedule is interruptible and the Company has the right to discontinue such Service on one hour's notice.

Rate

The rate to be charged for Gas Service pursuant to this Rate Schedule is subject to negotiation between the Customer and the Company.

Payment of Bills

Bills are net and due upon receipt. Bills become past due 15 days after bill date.

Late Payment Charge

A late payment charge of one and a half percent (1 ½%) per month will be applied to all balances not paid prior to the next month's billing date.

Service Interruption and Curtailment

Gas Service under this Rate Schedule is subject to the provisions contained within Rate Schedule 206, "Schedule for Limiting and Curtailing Service".

Applicable Documents Defining Obligations of the Company and Its Customers

Service under this Rate Schedule is subject to the ~~Rules and Regulations of the Public Service Commission of South Carolina~~ ("Commission Rules") and to the Company's Tariff and Service Regulations. Among other things, the Commission Rules and the Company's Tariff and Service Regulations permit the Interruption or Curtailment of Service under certain conditions, including events of Force Majeure and Operating Conditions. ~~A copy of the Commission's Rules may be obtained from the Public Service Commission of South Carolina, 101 Executive Center Dr., Columbia, SC 29210, upon payment of the applicable fee. The Company's Service Regulations may be obtained at each of the district offices of the Company. Standby Sales Service

~~The Customer may elect by written notice to the Company prior to March 1 of any year to purchase Standby Sales Service from the Company under this Rate Schedule for an annual period commencing the first June 1 following the notice. Customers that have purchased transportation service under this Rate Schedule without Standby Sales Service may elect such service in future annual periods only with the written consent of the Company received within 30 days of Customer's notice. Having made this election, the Customer may nominate gas supplies from third party providers or nominate gas supplies from the Company for delivery to the Customer at the Company's city gate. The Customer may activate the Standby Sales Service during any month by giving notice to the Company during the normal nomination process described above, or by default, if the Customer (or the Customer's Agent) fails to submit a timely and valid nomination for transportation service. In addition to paying the Standby Sales Service Charge each month and the Monthly Standby Index Price set forth below for quantities actually purchased hereunder, the Customer will utilize the transportation services and incur the charges otherwise applicable under this Rate Schedule to cause such gas supplies to be transported and delivered to the Customer's meter. The gas supply commodity price which the Customer shall pay for the gas supplied under this paragraph will be the Monthly Standby Index Price defined as follows:~~

~~The index price each month as first published in that month in Inside FERC's Gas Market Report in the table titled "Monthly Bidweek Spot Prices" under the heading "Louisiana/Southeast Transeo zone 3" in the column titled "Index". Applicable firm transportation part 284 tariff commodity charges, fuel and any other surcharges as defined in Transeo's FERC approved tariffs from Transeo's Zone 3 to Zone 5 will be added to the above index price.~~

~~If the Customer has made the annual election to receive Standby Sales Service, and the Customer (or Agent) properly submits a timely and valid nomination for transportation service, and, for whatever reason, the Customer (or Agent) fails to deliver to the Company adequate quantities of gas for the Customer's account, then the Company shall have the right, at its sole discretion, to initiate Standby Sales Service to the Customer. The price for such service shall be the same as set forth above except when the Company is required by such imbalance shortfall to purchase~~

In this case the Customer receiving Standby Sales Service will pay the higher of (on a daily basis) the Monthly Standby Index Price or the Daily Standby Index Price defined as the absolute high index price as published in Gas Daily for the day of consumption as stated in the "Daily Price Survey," "Louisiana/Southeast," for "Transeo, zone 3" in the column titled "Absolute." Applicable firm transportation part 284 tariff commodity charges, fuel and any other surcharges as defined in Transeo's FERC approved tariffs from Transeo's Zone 3 to Zone 5 will be added to the above index price. For days of consumption when the Monthly Standby Index Price is not published, the Monthly Standby Index Price shall equal the corresponding Daily Standby Index Price. For days of consumption when the Daily Standby Index Price is not published, the Daily Standby Index Price shall equal the average of the corresponding Daily Standby Index Price as published on the nearest preceding and nearest subsequent day.~~

~~The Customer shall also pay all applicable taxes, fees and assessments levied by governmental authorities having jurisdiction.~~

~~During the month that the Customer receives Standby Sales Service under this provision, the Company shall perform the necessary balancing activities related to such sales and therefore the monthly imbalance resolution provisions will not be applicable.~~

~~Gas cost variances related to the Standby Sales Service will be recorded in compliance with the Company's South Carolina Service Regulations Appendix A, Gas Cost Recovery Mechanism (the "GCRM"), except that the "benchmark" cost of gas will be the adjusted Monthly or Daily Standby index price as billed. Increments or decrements which may result from the procedures under the GCRM shall not apply to Standby Sales Service. Any increments or decrements applicable to Rate Schedule 213 shall be applicable to all quantities delivered under Rate Schedule 213, whether purchased from third parties or the Company as Standby Sales Service.~~

Rates and Charges

The rates to be charged for ~~g~~Gas ~~S~~service pursuant to this Rate Schedule are set forth on the Company's "Rates and Charges" tariff sheet and may be viewed at the Company's Web Site at www.piedmontng.com. RATE SCHEDULE 243

EXPERIMENTAL MOTOR VEHICLE FUEL SERVICE

Availability

Gas Service under this Rate Schedule is available, on an experimental basis, in the area served by the Company in the State of South Carolina to all existing and qualified potential customers under Rate Schedules 201, 202, 252, 203, 204, 213 and 214 seeking to purchase or transport ~~Natural~~ Gas for use as a motor vehicle fuel. All requests for Service under this Rate Schedule shall be subject to application to and consent by the Company to such Service, as provided in the Company's Service Regulations.

This Rate Schedule is experimental in nature and designed to (a) determine the relative need for sales/transportation ~~service~~Service to meet the ~~Natural~~ Gas motor vehicle fuel needs of Customers qualified for and/or receiving ~~service~~Service under the applicable ~~rate~~Rate Schedules identified above, and (b) to determine whether Company's existing facilities and structures can accommodate the provision of such Service. Company reserves the right, upon reasonable notice to the Commission, to suspend Service to new Customers under this Rate Schedule in the event further Service under this Rate Schedule would threaten, interfere with, or impede Piedmont's ability to meet its other contractual obligations or efficiently operate its system and/or facilities. Absent such suspension by Piedmont, this Rate Schedule shall remain in effect for a period of two (2) years after which Service hereunder may continue to be provided subject to any proposal by Piedmont or any other interested party to terminate, extend, modify or adjust the provision of such Service.

Character of Service

The nature of Service provided by Company to Customer under this Rate Schedule shall be commensurate with the nature of Service for which Customer is qualified under the applicable Rate Schedule identified above. Gas received under the provisions of this Rate Schedule shall be used for motor vehicle fuel purposes only.

All Gas delivered pursuant to this Rate Schedule shall be metered and billed- by the Company separately from any Gas delivered to Customer under any other Rate Schedule and utilized for non-motor vehicle fuel purposes.

Service Interruption and Curtailment

Gas Service under this Rate Schedule is subject to the provisions contained within Rate Schedule 206, "Schedule for Limiting and Curtailing Service."

Balancing, Cash-Out, and Agency Authorization

Service under this Rate Schedule shall be subject to all of the provisions and requirements of Rate Schedule 207, "Balancing, Cash-Out, and Agency Authorization."

Rates and Charges

The rates to be charged for Gas Service pursuant to this Rate Schedule shall be those rates and charges (and components thereof) applicable to the corresponding individual Rate Schedule under which Customer qualifies for Service. dispatch shall not require the settlement of strikes or lockouts when such course is inadvisable in the discretion of the Company.

- (h) "Gas" shall mean undiluted natural gas, or a substitute for or mixture thereof, as delivered by the Company.
- (i) "Gas Service Line" shall mean the pipe that runs between a ~~M~~main or a pipeline and a Customer's ~~M~~meter.
- (j) "Main" shall mean a ~~G~~gas pipe, owned, operated or maintained by the Company, which is used for the purpose of transmission or distribution of gas, but does not include "Gas Service Line".
- (k) "Margin" for ~~C~~urtailment purposes shall mean the filed tariff rate per unit of ~~G~~gas or negotiated rate per unit of ~~G~~gas for a Customer, less the per unit cost of ~~G~~gas, where applicable, as determined in the Company's last general rate case or Purchased Gas Adjustment proceeding, adjusted for any temporary decrements or increments in the filed tariff rate.
- (l) "Meter", without other qualification, shall mean any device, or instrument which is used by the Company in measuring a quantity of ~~G~~gas.
- (m) "Meter assembly" shall mean the Company's meters, regulator, piping, valves, vents, relief valves, gauges and/or other apparatus required to meter and control flow or pressure of ~~G~~gas.
- (n) "Operating Conditions" shall mean any modification, test or scheduled or unscheduled repair to the Company's distribution system which in the Company's discretion is necessary to maintain the integrity of the Company's distribution system or to provide for the safety of the Company or the public.
- (o) "Operational Order" shall mean a written order by the Company's dispatcher, or other Company representative acting on behalf of the Company's dispatcher, to limit, modify, curtail or interrupt the use of Gas as required or permitted by the Commission Rules and the Company's Service Regulations, Special Contracts, and Rate Schedules.
- ~~(p) (n)~~ "Premise(s)" shall mean a piece of land or real estate, including buildings and other appurtenances thereon.

(q) "Rate Schedule(s)" shall mean any of the Company's various rate schedules approved by and on file with the Commission, as the same may be changed or amended from time to time.

(r) "Service(s) shall mean any sales, Transportation, redelivery or other service provided by the Company to a Customer pursuant to the provisions of the Company's filed and approved Rate Schedules, Special Contracts, or Service Regulations.

(p)(s) "Special Contract" shall mean any contract for Services entered into between the Company and a Customer that provides for rates, terms or conditions of Sservice that vary from those set forth in the Company's tariffs, Rate Schedules or Service Regulations.

(te) "Therm" is the basic billing unit of the Company and shall mean the unit of energy equivalent to 100,000 BTU.

(up) "Transportation" shall mean the receipt of ~~natural-G~~gas supplies that have been arranged by the Customer for delivery to the Company's city gate and the redelivery of such ~~natural-g~~Ggas supplies to the Customer's premise.

(vq) "Unauthorized Gas" shall have the meaning set forth in Rate Schedule 206.

3. Applicable Documents Defining Obligations of the Company and its Customers.

The obligations of the Company to provide Sservice and the obligations of the Customer upon receipt of Sservice are set forth in (a) the applicable statutes as set forth in Section 58 of the Code of Laws of South Carolina, (b) the applicable Commission Rules and Regulations ~~of the Commission~~, (c) the applicable Rrate Sschedule(s), (d) these Service Regulations and (e) any written application or other document executed by the Company and the Customer pertaining to such Sservice. ~~Copies of these documents described in (b)-(e) above are available for inspection at each of the district offices of the Company.~~ Upon request of the Customer, the Company will provide the Customer with a copy of the applicable Rrate Sschedule(s), these Service Regulations and any written application for Sservice or other documents executed by the Company and the Customer pertaining to such Sservice. No promise, statement or representation by an employee or agent of the Company or by any other person shall bind the Company to provide Sservice or to change the terms and conditions upon which Sservice will be rendered unless the same is in writing and is executed by an authorized representative of the Company. In no event shall the Customer be relieved from its obligation to pay in full the amount due for Sservice received from the Company by the Customer. In the event there is a conflict between these Service Regulations and the provision of the applicable currently effective Rrate Sschedule, the provisions of the Rrate Sschedule shall govern.

4. Delivery Pressure. The Company will provide to residential Customers a delivery pressure of either 7 inches water column (approximately 1/4 psig) or 2 psig. Commercial and Industrial Customers can be provided a delivery pressure of up to 5 psig. Delivery pressures of higher than 5 psig will be considered only if 1) requested in writing 2)

justified by requirements of the fuel burning equipment. Documentation of such requirements must also be provided. Approval will be conditioned on the Company's distribution system pressure availability. Exceptions are subject to the approval of the Company.

5. Applicable Documents Subject to Change. All of the documents defining the obligations of the Company to provide Sservice and the obligations of the Customer upon the receipt of Sservice are subject to change from time to time upon approval of the Commission and by other duly constituted governmental authorities. The Company does not undertake to advise the Customer of any such change except as may be required by the Commission or other duly constituted governmental authority.

6. Non-Waiver. The failure of the Company to enforce any provision of any applicable documents defining the obligations of the Company and its Customers shall not be deemed to be a continuing waiver of such provisions for the Customer or a waiver of any other provision of any of the applicable documents.

7. Application for Initial Service. The Company shall not be required to supply Sservice to the Customer unless and until the Customer has executed an application for Sservice which, among other things, contains the date of the application, the name of the applicant, the location of the premises for which Sservice is requested, the type of Sservice applied for and estimated Ggas consumption. The Company may, at its sole option, waive the requirement for a written application, in which event the obligations of the Company to provide Sservice and the obligations of the Customer upon receipt of Sservice shall be controlled by the other applicable documents defining the obligations of the Company and its Customers.

8. Application to Increase Gas Load. Residential Customers receiving Ggas Sservice from the Company will be permitted to increase their residential Ggas loads at the same premises without application to the Company. All other Customers shall make application to the Company before increasing their Ggas load and before changing the purpose for which they use Ggas. The application will contain, among other things, the date of the application, the name of the applicant, the location of the premises for which Sservice is requested, the type Sservice applied for and estimated monthly Ggas consumption. If, in the Company's opinion, the Company has the capability to provide the additional or changed Ggas Sservice without interfering with the Company's ability to provide Sservice to its other Customers, the Company will permit the Customer to increase its load or to change the purpose for which it uses Ggas.

9. Non-Assignability of Right to Service. Any rights which accrue to the Customer under any of the applicable documents defining the obligations of the Company and its Customers are personal and may not be transferred or assigned without the written consent of the Company.

10. Vacated Premises. The Customer will notify the Company before quitting or vacating the premises served and will pay upon presentation all bills due the Company.

11. Right-of-Way. The Customer shall at all times furnish the Company a satisfactory and lawful right-of-way, at no cost to the Company, over the Customer's Mmains, Sservice Lines, and apparatus necessary or incidental to the furnishing of Sservice. The obligation of the Company to supply provide Sservice is dependent upon the Company securing and retaining all necessary rights-of-way, privileges, franchises or permits, for the delivery of such Sservice, and the Company shall not be liable to the Customer for any failure to deliver Sservice because of the Company's inability to secure or retain such rights-of-way, privileges, franchises or permits.

12. Access to Customer's Premises. The Company shall at all reasonable times have the right of ingress to and egress from the premises of the Customer for any and all purposes connected with the provision of Sservice. The Company shall have the right, at its option and at its own expense, to place demand mMeters, pressure gauges, or other instruments on the premises of the Customer for billing, testing, or other purposes with respect to the Customer's Sservice.

13. Installation and Maintenance of Facilities. The Company will install and maintain the necessary Mmains, Ggas Sservice Lines, valves, regulators, Mmeters, over-pressure devices, indexes, gauges, and/or other equipment or facilities required to provide Sservice. All facilities from the point of connection at the outlet of the Mmeter assembly shall be installed and maintained by and at the expense of the Customer. The Company may specify the content and pressure of the Ggas to be furnished, the location of the Mmeter and the point where the Sservice connection shall be made.

14. Service Line Policy. The facilities to be installed by the Company in accordance with the foregoing paragraph will be at no cost to the Residential Customer if (1) at a minimum the Customer will be installing central Ggas heating, (2) the Ggas Sservice Line extends along the route selected by the Company and (3) the Ggas Sservice Line is no more than 100 feet. In the event that the above conditions are not met, the Sservice rendered to the Customer must provide a reasonable return to the Company. If the Customer wishes the facilities to be constructed along a route other than the route selected by the Company and/or if the Ggas Sservice line is more than 100 feet and/or the Sservice to be rendered to the Customer will not produce a reasonable return to the Company, the Company may require the Customer to pay the excess cost of constructing the facilities along the alternate route or in excess of 100 feet and/or to make a contribution which will permit the Company to earn a reasonable return.

15. Relocation of Facilities and Placement of Excess Flow Valves.

- (a) After a Sservice connection has been made, it may be relocated on the Customer's premises by the Company upon request of the Customer, but the Customer must bear the expense of the relocation, and the relocation will not be made where it will interfere with or jeopardize the Company's Sservice either to the Customer desiring the change or to any other Customer or Customers. The Customer must also agree to change the location of the right-of-way and to bear the expense of the change. In no event, however, will the Company be required to relocate facilities if the relocation would interfere with or jeopardize the Company's Sservice, either to the Customer requesting the change or to any other Customer or Customers. All privileges of the Company incident to the original location shall apply to the new location.
- (b) The Customer has the right to request the placement of an Excess Flow Valve ("EFV") on any Gas Service Line that does not already have such a valve installed. The Company shall work with the Customer to reasonably determine the date of such installation. The installation will not be made where it will interfere with or jeopardize the Company's Service either to the Customer desiring the installation or to any other Customer or Customers. As a precondition to installation of an EFV, the Customer shall be required to enter into a written agreement with the Company reflecting the terms of such installation and assuming responsibility for all of the actual costs of such installation. The Company shall be entitled to collect a deposit on such costs prior to initiating installation of the EFV in the amount of the estimated cost of installation.

16. Title to the Facilities. The title to all facilities including Mains, Gas Sservice Lines, Mmeters and accessory equipment up to and including the outlet of the mMeter assembly shall be vested in the Company, notwithstanding any charge which may be made to the Customer for extending Sservice.

17. Responsibility Beyond Delivery Point.

- (a) Before installing Ggas pipes or appurtenant facilities and before purchasing Ggas equipment, the Customer shall give the Company notice, and shall ascertain the character of Sservice available at such premise. The Company may specify the content and pressure of Ggas to be furnished, consistent with Commission rules.
- (b) Before permitting the initial use of Ggas at any location, a certificate of inspections and tests of the Customer owned piping shall be furnished to the Company by the Customer or by the local inspecting authority.

- (c) All piping and equipment installed by or on behalf of the Customer must be installed and maintained in accordance with the requirements of the local, county, state, and federal authorities, and the Customer shall keep in good and safe repair and condition all such piping and equipment from the point of connection of the Mmeter assembly with the facilities of the Company.
- (d) If the Customer's equipment might create either a vacuum or a back pressure, a device must be installed and maintained by the Customer to protect the Company's facilities.
- (e) Equipment which will operate in one locality may be useless in another due to difference in Ggas pressure or content; therefore, before piping a premises or purchasing equipment, the Customer shall give the Company notice, and shall ascertain the character of Sservice available at such premises.
- (f) The Company is merely a furnisher of Ggas at the point where it passes from the Company's Mmains and Gas Sservice Lines to the piping of the Customer, and the Company shall not be responsible for any damage or injury to the buildings or other property of the Customer due to Ggas installations, defective equipment, or other causes not due to the negligence of the Company. The Company shall not be in any way responsible for the transmission, use, or control of Ggas beyond the delivery point, and the Company shall not be liable for any damage or injury to any person or property whatsoever, or for the death of any person or persons arising, accruing, or resulting in any manner from the receiving or use of Ggas.

18. Interference with Company Property. The Customer shall not interfere with or alter the Company's Mmeters or other property or permit the same to be done by any person other than the Company's authorized agents or employees. Damages caused or permitted by the Customer to said property shall be paid for by the Customer. South Carolina law makes it unlawful to alter, tamper with or by-pass a Ggas Mmeter. This law provides for fines and/or imprisonment at the discretion of the court for this offense. In addition, this statute provides for recovery in a civil action by the Company for losses and damages sustained.

19. Excavation in Proximity of Company's Facilities. The Customer shall inform the Company of planned excavation activities in the proximity of the Company's facilities by calling 811 or the toll free number 1-800-922-0983 at least 72 hours in advance of the planned excavation activities. additions or changes in his or her facilities which will extend over, under, or in close proximity to the Company's facilities.

20. Prohibition Against Resale of Gas. Gas is sold and delivered upon the express condition that the Customer shall not directly sell or resell, assign, or otherwise dispose of Ggas, or any part thereof, to any person, firm, or corporation, except where Sservice is supplied under a Rrate Sschedule specifically providing for resale. Under no circumstances will the Company supply Ggas for resale in competition with the Company.

21. Curtailment or Interruption of Service. In the event of a Curtailment or Interruption of Sservice, the Company shall use all reasonable diligence to remove the cause or causes thereof, but the Company shall not be liable for any loss or damage resulting from such Curtailment or Interruption due to accidents, Fforce Majeure, extreme weather conditions, Operating Conditions or causes beyond its control.

22. Action to Maintain System Integrity. When the Company in its discretion determines that it is necessary to limit, modify, curtail or interrupt Sservice to maintain the integrity of its distribution or transmission system, to provide for its or the public's safety, or otherwise when Operating Conditions are such that the Company deems such action to be necessary, the Company shall have the right to limit, modify, curtail or interrupt Sservice to any Customer through the issuance of an Operational Order. Violation of such Operational Orders by any Customer shall subject such Customer to disconnection and/or financial penalties as provided in Rate Schedule 206.

23. Discontinuance of Service. The Company, subject to the rules of the Commission, shall have the right to suspend or discontinue its Sservice for (a) repairs or other necessary work on its Mains or systems, (b) for nonpayment of bill in accordance with the R103-452 of the Commission's Rules and Regulations, as the same may be amended from time to time, and (c) for any of the following reasons:

- (a) For any misrepresentation as to the identity of the Customer making the application for Sservice.
- (b) For violation by the Customer of any terms or conditions of the documents defining the obligations of the Company to provide Sservice and the obligations of the Customer upon the receipt of Sservice.
- (c) For the reason that the Customer's use of the Company's Sservice is detrimental to the Sservice of other Customers. This may cover a Customer's failure, directly or indirectly, to deliver Gas to the Company or the violation by the Customer of an Operational Order.

- (d) For the reason that the Customer's use of the Company's ~~S~~service conflicts with or violates orders, ordinances or laws of the State of South Carolina, or any subdivision thereof, or of the Commission or of any other governmental agency having jurisdiction over the Company or the Customer.
- (e) For the reason that piping, equipment, appliance or device is installed or in use on the Customer's premises which permits the ~~G~~gas to be used without passing through the Company's ~~M~~meter, or which prevents or interferes with the accurate measuring of the ~~G~~gas by the Company's ~~M~~meter other than when such ~~G~~gas use is authorized under a non-metered ~~R~~rate ~~S~~schedule.
- (f) For failure of the Customer to make, restore, or increase his or her deposit as required.
- (g) In the event of a condition determined by the Company to be hazardous.
- (h) In the event of tampering with the equipment furnished and owned by the Company.

Where ~~the~~~~s~~Service has been discontinued for any reason except for the failure to pay for repairs or other necessary work by the Company, the Company shall have the right to refuse ~~S~~service at the same premises to any other applicant who is a member of the family of the former Customer, or who resided on said premises until the reason for discontinuance has been resolved. The Company may require reasonable proof of identity of the applicant of ~~S~~service.

24. Removal of Equipment. In the event of such discontinuation of ~~S~~service, the Company may enter the premises of the Customer at any reasonable time and remove the Company's ~~M~~meters, apparatus, appliances, fixtures or other property.

25. Non-Waiver of Default. 28. Billing Procedure.

- (a) Meters will be read and bills rendered monthly on a cycle basis of not less than 28 days nor more than 34 days. All bills are due and payable ~~at the office of the Company during regular business hours~~ when rendered and become past due after twenty-five (25) days in the case of residential Customers and fifteen (15) days in the case of Customers other than residential, from the date the bill is rendered.
- (b) A late payment charge of one and one-half percent (1½%) per month will be applied to all Customers' balances not paid within twenty-five (25) days from the billing date.
- (c) The Company will endeavor to deliver to the Customer a monthly bill of the amount due to the Company by mailing said bill by first-class mail to the mailing address furnished by the Customer or, at the Customer's election, by sending the bill electronically ~~by way of computer internet connection~~. Failure to receive a bill will not entitle the Customer to any extension of time for payment beyond the past due date.
- (d) Where a Mmeter for any reason is not read at the regular reading date, the Company may estimate the amount of Sservice used by referring to the Customer's consumption for a similar prior period. To the extent practicable, the Company will avoid sending the Customer two successive estimated bills; however, in cases of force majeure, as defined under Section 2(e) Definitions, bill estimates may be permitted for two successive billing periods, or greater. The Company will bill the Customer on the basis of the estimated use and will make any necessary adjustments when the mMeter is next read.
- (e) No claim or demand which the Customer may have against the Company shall be offset or counterclaimed against the payment of any sum of money due the Company by the Customer for Sservices rendered, and all such sums shall be paid in accordance with the agreement regardless of such claim or demand.

29. Adjustment of Bills Due to Failure or Inaccuracy of Meter. Bills which are incorrect due to Mmeter or billing errors will be adjusted as provided in R103-440 of the Commission's Rules and Regulations. 30. Returned Check Charge. Where the Customer makes payment for Sservice by check which is not honored or paid by the bank, full payment will immediately be due and payable, and the Commission approved handling charge will be made.

31. Curtailment of Service. It is contemplated that the Company will from time to time find it necessary to curtail Ggas Sservice to those Customers who purchase Ggas from the Company under interruptible Rrate Sschedules. In addition, unavailability of Ggas supplies, requirements of public safety or other factors beyond the control of the Company may make Curtailment of any Customer necessary. In all such events, to the extent practicable, the Company will curtail those Customers paying the least margin per dekatherm first. If it is necessary to interrupt some but not all of the Customers paying the same margin per dekatherm, then, to the extent practicable, Sservice shall be curtailed to the Customers paying the same margin per dekatherm on a pro rata basis.

32. Reconnection Fees. When Sservice has been discontinued at the request of the Customer or a member of the Customer's family residing at the same residence, or for nonpayment of bills, and if reconnection is requested by the same Customer or a member of such Customer's family residing at the same residence, on the same premises within one year after date of discontinuance, the Commission-approved Reconnection Fees will be charged.

33. Applicable Rate Schedules. The Company will at all times have current Rrate Sschedules on file with the Commission. The rates ~~contained applicable to~~ these Rrate Sschedules are subject to change from time to time as permitted by the Commission.

34. Commercial Rate Service Classification. Commercial Rate Service Classification under the Company's Rate Schedules 202 and 252 shall be based on the following criteria:

A. Definitions: As used in Commercial Rate Service Classification, the following terms shall have the meanings assigned below:

- (1) "Annual Review Period" shall mean the twelve (12) months ended on December 31 of each year.
- (2) "Actual Annual Usage" shall mean the actual ~~natural-g~~Gas ~~volumes~~ quantity consumed by the Customer during the Annual Review Period as reflected on the Company's invoices for the Customer.

average of 20 dekatherms per day. The classification usage for Rate Schedule 252 shall equal or exceed an average of 20 dekatherms per day but be less than an average of 50 dekatherms per day.

- (4) "Involuntary Curtailment Days" shall mean those days or portions of days in a given Annual Review Period where Curtailment of the Customer's ~~natural-g~~Gas Service was imposed by the Company's decision to curtail.
- (5) "Service Days" shall mean 365 days less the number of Involuntary Curtailment Days.
- (6) "Average Daily Usage" shall be the Customer's Actual Annual Usage divided by the number of Service Days within the Annual Review Period.

B. Procedures:

- (1) At the conclusion of the Annual Review Period of each year and prior to June 1st of the ensuing year, the Company will determine for each Customer served under Rate Schedule 202 and Rate Schedule 252 that Customer's Average Daily Usage.
- (2) Those Customers currently receiving Service under Rate Schedule 202 whose Average Daily Usage is equal to or exceeds 20 Dekatherms a day will be transferred to Rate Schedule 252 effective on the first day of June following the most recent Annual Review Period.
- (3) Those Customers currently receiving Service under Rate Schedule 252 whose Average Daily Usage in each of the most recent two (2) Annual Review Periods is less than 20 Dekatherms a day will be transferred to Rate Schedule 202 effective on the first day of June following the second, and most recent, Annual Review Period.
- (4) Those Customers currently receiving Service under Rate Schedule 202 or 252 whose Average Daily Usage in each of the most recent two (2) Annual Review Periods is equal to or greater than 110% of 50 dekatherms per day will be transferred to Rate Schedule 203, 204, 213, or 214 as applicable.

- C. Exceptions:** If a Customer currently being billed under Rate Schedule 202 adds ~~natural-G~~gas equipment that increases the Customer's Average Daily Usage to the point where the Customer will qualify for Rate Schedule 252,

the Company may, upon notification from the Customer and subject to installation verification by the Company, transfer the Customer to the new Rate Schedule prior to June 1 of that year.

35. Industrial Rate Service Classification. Rate Sservice classification under the Company's Rate Schedules, 203, 204, 213 and 214 shall be based on the following criteria:

A. Definitions: As used in rate Sservice classification, the following terms shall have the meanings assigned below:

- (1) "Actual Annual Usage" shall mean the actual ~~natural-g~~Gas ~~volumes-quantity~~ sold or transported for the Customer by the Company as reflected on the Company's bills for that Customer.
- (2) "Average Dekatherm per Day" shall mean the Actual Annual Usage of the Customer divided by the number of Service Days within the Review Period.
- (3) "Classification Usage" shall mean the usage criteria that establishes the minimum and/or maximum average usage that must be maintained in order to receive Sservice under any Rrate Sschedule. For existing Customers, the classification usage for Rate Schedule 202 shall not exceed an average usage of 50 dekatherms per day. For existing Customers, the classification usage for Rate Schedules 203, 204, 213 and 214 shall exceed an average usage of 50 dekatherms per day.
- (4) "Involuntary Curtailment Days" shall mean those days or portions of days in a given Review Period where Curtailment of the Customer's ~~natural-g~~Gas Sservice was imposed by the Company's decision to curtail.
- (5) "Review Period" shall mean the twelve (12) months ended on December 31, or the regularly scheduled Mmeter reading nearest December 31.
- (6) "Service Days" shall mean 365 days less the number of Involuntary Curtailment Days plus the number of days that the Customer consumed an alternative fuel to ~~natural-G~~gas.

Step 1. During January and February of each year, the Company will determine for each Customer served under Rate Schedules, 203, 204, 213 and 214 the Customer's Average Dekatherm per Day usage for each of the two most recent Review Periods.

Step 2. A Rate Schedule 202 or 252 Customer whose usage is 110% of the 50 dekatherms threshold in the two most recent Review periods will be transferred to Rate Schedule 203, 204, 213 or 214, as applicable. A Rate Schedule 203, 204, 213 or 214 Customer whose usage is equal to or less than 90% of the 50 dekatherms threshold in both of the most recent two Review Periods will be transferred to Rate Schedule 202 or 252 as appropriate. Customers receiving Sservice under Rate Schedules 203 or 204 shall be eligible to elect Transportation Sservice to be effective with the rate reclassification.

All changes in rate classification under this section shall be effective on the first day of June following the review.

Step 3. Customers who are reclassified shall be notified of the change in Rate Schedule, and receive a copy of the tariff sheets applicable to the Customer's old and new Rate Sschedules at least 21 days prior to the effective date of the change.

- C. Exceptions: If a Customer adds or retires a major piece of Gas-burning equipment, changes the hours of operations or otherwise materially alters the Customer's business that will clearly increase, or decrease, the Customer's consumption on an ongoing basis to a level that will change the Customer's ability to qualify the Customer for a particular Rate Sschedule, the Customer shall report such changes to the Company and afford the Company an opportunity to inspect the change in equipment and to meet with the Customer to review and discuss the anticipated future level of consumption. If, after such inspection and meeting, the Company is satisfied that reclassification is appropriate, the reclassification will occur within two months after the new equipment is in place and operational, or the retirement is completed, and the first Meter reading reflects the higher anticipated usage resulting from the new equipment or the lower anticipated usage resulting from the retirement. Any reclassification pursuant to this paragraph is subject to correction if actual experience so warrants. If the reclassification results in qualification for Sservice under Rate Schedule 203 or 204, the Customer shall provide an election form

one week prior to reclassification if a transportation election is desired. Otherwise, Service will be provided under Rate Schedule 203 or 204, dependent upon rate qualification.

- D. Requirements: Upon reclassification from Rate 202 or 252 to either Rate 203, 204, 213, or 214, the Customer will be responsible for installing and maintaining, at the Customer's expense, a dedicated 110v electrical service in a location suitable to provide electrical service for the Company's telemetering equipment.

36. Limitation on Liability for Rendering Service on an Incorrect Rate Schedule. If it is determined that the Customer has been placed on an incorrect rate schedule, the Customer shall be placed immediately on the correct Rate Schedule and the Customer's bill shall be adjusted for such period (not to exceed 6 months) that the Customer was on the incorrect Rate Schedule. The Customer and/or Company shall have 90 days in which to pay any such adjustment. Except as herein provided, neither the Company nor the Customer shall have any liability to the other party with respect to the purchase and/or sale of Gas under an incorrect Rate Schedule.

37. Agency Authorization. Certain Rate Schedules permit the Customer to authorize the Customer's Agent to act on its behalf with respect to nominations, imbalance resolution, and/or billing. In order to be considered the Customer's agent, the agent must execute and be in compliance with all the terms of the Customer Agent Agreement form as shown in Appendix B to the Company's Service Regulations.

APPENDIX A

~~S.C.P.S.C.~~ **GAS COSTS RECOVERY MECHANISM** Page ~~1~~ of ~~5~~

1. Definitions. The following definitions shall apply:

“Benchmark Commodity Cost of Gas” shall mean the Company’s estimate of the City Gate Delivered Cost of Gas for long-term gGas supplies, excluding Demand Charges. The Benchmark Commodity Cost of Gas may be amended from time to time by the Company as provided for in this Gas Costs Recovery Mechanism (GCRM).

“City Gate Delivered Cost of Gas” shall mean the total delivered cost of gGas to the Company at its city gate, including, but not limited to all commodity charges, demand charges, peaking charges, cost of propane, cost of LNG liquefaction/vaporization, surcharges, emergency Ggas purchases, over-run charges, capacity charges, customer charges, standby charges, reservation fees, Ggas inventory charges, minimum bill charges, minimum take charges, take-or-pay charges, take-and-pay charges, storage charges, service fees and transportation charges and any other charges of any kind whatsoever which are incurred by the Company in connection with the purchase, storage or transportation of volumes of Ggas by the Company.

“Commodity and Other Charges” shall mean all charges for the purchase of Ggas or for the transportation of Ggas other than Demand Charges.

“Demand Charges” shall mean all charges for the purchase of Ggas or the transportation or storage of Ggas which are not billed on the volume of Ggas actually purchased or transported by the Company.

“Tariff Sales” shall mean Ggas delivered to customers under a sales Rate Schedule of general applicability. Tariff sales excludes Ggas delivered under transportation Rate Sschedules, Special Contracts, off-system or sales for resale transactions or other arrangements under which the Ggas is not billed under a sales Rate Schedule of general applicability.

II. Gas Costs Recovery Mechanism

In the event the Company anticipates a change in its “City Gate Delivered Cost of Gas,” the Company may increase or decrease its rates to its customers as follows:

A. Sales rates

APPENDIX A

~~S.C.P.S.C.~~ **GAS COSTS RECOVERY MECHANISM** ~~Page 2 of 5~~

Whenever the Company anticipates a change in the Demand Charges, the Company may change its rates to customers under all Rate Sschedules by an amount computed as follows:

$$\frac{\begin{array}{l} \text{(Total Anticipated Demand Charges} \\ \text{- Prior Demand Charges} \\ \text{And Storage Charges)} \times \text{S.C. Portion*} \end{array}}{\text{Sales and Transportation Volumes*}} = \begin{array}{l} \text{Increase (Decrease)} \\ \text{Per Unit} \end{array}$$

2. Commodity and Other Charges

Whenever the Benchmark Commodity Cost of Gas is changed, the Company may change the rates to its customers purchasing Ggas under all of its sales Rate Sschedules by an amount computed as follows:

$$\frac{\begin{array}{l} \text{Volumes of } \underline{G} \text{gas purchases for system supply*} \times \\ \text{(New Benchmark Commodity Cost of Gas -} \\ \text{Old Benchmark Commodity Cost of Gas)} \\ \times \text{S.C. *Established by Commission in the Company's last general rate case or Rate Stabilization Act proceeding.

B. Transportation Rates

Firm and/or interruptible transportation rates shall be computed on a per unit basis by subtracting the per unit Commodity and Other Charges from the applicable firm or interruptible sales Rate Sschedule exclusive of any increments or decrements.

III. Monthly True up of Gas Costs

A. Demand Charges

On a monthly basis, the Company shall determine the difference between (a) the Demand Charges recovered and (b) the Company's actual Demand Charges incurred for South Carolina determined by the ratio of South Carolina tariff sales volumes to the combined total of North Carolina and South Carolina tariff sales volumes. This difference shall be placed in the Company's Deferred Account No. 253.

B. Commodity and Other Charges

On a monthly basis, the Company shall determine with respect to Ggas sold during the month the per unit difference between (a) the Benchmark Commodity Cost of Gas included in the Company's most recently approved GCRM and (b) the actual Commodity and Other Charges incurred for South Carolina. This difference shall be placed in the Company's Deferred Account No. 253.

C. Supplier Refunds and Direct Bills

In the event the Company receives supplier refunds or direct bills with respect to Ggas previously purchased, the amounts of such supplier refunds or direct bills applicable to South Carolina shall be placed in the Company's Deferred Account No. 253.

D. Interest on Deferred Account 253

The Company shall compute interest on the Deferred Account as directed by the Commission.

E. Other

(a) The Company shall file with the Commission a monthly report of the deferred account. The report shall identify the cost of Ggas reduction related to capacity released.

(b) Periodically, the Company may file to adjust its rates to refund or collect the balance in the deferred account. Increments and/or decrements shall apply across the board to all sales Rate Sschedules unless the Commission specifically approves otherwise.

(c) The Company is permitted to negotiate rates to certain customers to meet the prices of competitive fuels or otherwise to avoid losing these customers. To permit the Company to make sales to these tariff customers without suffering a loss of margin, the Company shall record the sales and transportation negotiated losses in the deferred account.

(d) Reserved for future use.

(e) The operation of this GCRM and the related Deferred Account can be modified as necessary to accommodate rulings of the Commission that affect its operation as herein defined. For example, recording the WNA balance in the Deferred Account as authorized by the Commission.

IV. Notice to the Commission

The Company shall file with the Commission at least 15 days prior to the date on which any change in its existing rates is to become effective as a result of the GCRM a computation of the rate adjustment and a single rate sheet, entitled "GCRM _____," containing the following information:

SOUTH CAROLINA SERVICE REGULATIONS~~CUSTOMER AGENT AGREEMENT~~

APPENDIX B

CUSTOMER AGENT AGREEMENT

This Customer Agent Agreement ("Agreement") is made this _____ day of _____, 201_, by and between Piedmont Natural Gas Company, Inc. ("Piedmont") and _____ ("Agent").

WHEREAS, Piedmont's natural gas transportation tariffs provide for the ability of Customers receiving Piedmont's Transportation Services to designate and utilize a third-party Agent for purposes of making nominations for and delivering natural gas to Piedmont on behalf of such Customers and managing imbalances on the Piedmont system resulting from such activities; and

WHEREAS, in undertaking such activities on behalf of Piedmont's Customers, such Agents have the capacity to create material economic and operational risks for Piedmont and its Customers; and

WHEREAS, Agent desires to act as a Customer Agent on Piedmont's system; and

WHEREAS, Piedmont is willing to permit Agent to operate on its system under the terms and conditions set forth herein and under the parameters of Piedmont's approved tariffs and Service Regulations.

NOW, THEREFORE, in consideration of the premises, and other good and valuable consideration the receipt and sufficiency of which is hereby acknowledged, Piedmont and Agent agree as follows:

1. Establishment and Maintenance of Creditworthiness. Each Agent must establish credit with Piedmont in the form of a Letter of Credit, escrow deposit, parental guaranty, or otherwise, in form and substance acceptable to Piedmont, in an amount equal to or greater than the dollar value obtained by the following formula at all times:

The higher of Agent's average daily load for the previous month or Agent's First-of-Month confirmed daily nomination quantity for the new month x 3 days x (NYMEX prompt month close) x 1.25.

Each month, at Piedmont's discretion and prior to accepting nominating transactions for the first of the month business, an evaluation will-may be made to ensure that the established credit does not fall below the value obtained from the formula shown above. In the event Agent's established credit falls below the value obtained through application of the formula shown above,

SOUTH CAROLINA CUSTOMER AGENT AGREEMENT

either during this monthly evaluation or at any other time, Piedmont may require that the value of said Letter of Credit, escrow deposit, parental guaranty, or other form of assurance be changed at any time in order to reestablish adequate creditworthiness hereunder. In the event Agent fails to establish creditworthiness as set forth above, or fails to comply within 5 days with directions from Piedmont to increase the amount of its credit instruments as provided herein, then Agent's right to conduct business on the Piedmont system shall be suspended until such time as Agent shall be in compliance with the creditworthiness provisions set forth herein (including any requirements to increase said creditworthiness).

2. Customer Agent Imbalance Restrictions. Agent shall use all reasonable efforts to minimize intra-month imbalances. Agent shall not create a cumulative intra-month imbalance which exceeds three times Agent's aggregate First-of-Month confirmed daily nomination quantity. If this cumulative month-to-date imbalance restriction is exceeded at any time, then Agent's authorization to conduct business on Piedmont's system shall be immediately suspended except to the extent of transactions designed to reduce Agent's cumulative month-to-date imbalance. Upon any such suspension, Agent's authorization to conduct business on the Piedmont system shall not be restored until such time as Agent is in full compliance with the provisions hereof and all applicable provisions of Piedmont's Service Regulations, Rate Schedules and Operational Orders, as in effect from time to time.

3. Allocation of Imbalance Quantities/Penalties. Concurrent with the submission of monthly nominations, Agent shall provide Piedmont with a schedule of allocated nominations for Customers to be served by Agent for the following month. This allocation shall serve as the basis for resolving imbalances with Agent's Customers to the extent those imbalances are not resolved by Agent. In the event Agent fails to submit such schedule, and further fails to resolve any monthly imbalance during the term hereof, those imbalances and any attendant penalties shall be allocated to Agent's Customers, *pro rata*, based upon the actual usage of each such Customer during the month to which the unresolved imbalance and/or penalties is attributable.

4. Failure to Comply with Operational Orders, and Agent Creditworthiness and Imbalance Requirements. If Agent fails to adhere to the imbalance and credit requirements set forth above, or to obey an Operational Order or other specific instructions issued by Piedmont and designed to preserve the operational integrity of Piedmont's system, Agent (a) shall be subject to the Unauthorized Gas penalty provisions of Piedmont's Rate Schedule 206, and (b) shall have its right to transact business on Piedmont's system suspended.

5. Term. This Agreement shall become effective as of the date first written above and shall continue in full force or effect until terminated by either party hereto upon sixty (60) days written notice.

6. Supplemental Nature of Agreement. This Agreement is supplemental to the provisions of Piedmont's approved tariffs and Service Regulations, the provisions of which shall also apply to services rendered hereunder. As such, the restrictions and requirements set

forth herein are cumulative in nature and in addition to any other imbalance or penalty provisions set forth in Piedmont's approved tariffs and Sservice Regulations.

7. Billing and Payment. Billings to Agent for any amounts due hereunder, and payments by Agent on such billings, shall be made in a manner consistent with the billing and payment provisions of the underlying transportation tariffs pursuant to which Sservice is rendered.

8. Miscellaneous.

- A. Modification. This Agreement may not be modified or amended except by the execution of a written agreement by the parties hereto.
- B. Waiver. No failure by any party to enforce this agreement with respect to any default in the performance of any of the provisions of this Agreement shall operate or be construed to operate as a waiver thereof or of any similar future default.
- C. Assignment. This Agreement may not be assigned by any party hereto without the express written consent of the other party hereto.
- D. Jurisdiction. This Agreement and the respective obligations of the parties hereto are subject to all valid laws, orders, rules and regulations of the Public Service Commission of South Carolina and any other governmental bodies having jurisdiction.
- E. Conflict of Laws. The construction, interpretation, and performance of this Agreement shall be in accordance with the substantive laws of the State of South Carolina without regard to any conflicts of laws provisions thereof.

ECONOMIC DEVELOPMENT RIDER**Applicability and Character of Service**

~~Natural-G~~gas ~~S~~service under this rider may be made available, at the Company's discretion, to any Customer that (1) locates a new plant or facility or expands an existing plant or facility within the Company's franchised territory in the State of South Carolina, (2) qualifies for the purchase or transportation of ~~G~~gas under Rate Schedules 203, 204, 213, or 214, and (3) contracts for natural ~~G~~gas consumption of not less than 50,000 Mcf per year of new or expanded load, at a single delivery address, for a minimum term of five years. Service under this schedule is interruptible and the Company has the right to discontinue such ~~S~~service on one hour's notice.

To qualify for ~~S~~service under this rider a written application shall be made to, and must be approved by, the Company. The application shall, at a minimum, include the following information: (a) a description of the ~~G~~gas-using facility, including its location and the nature of the business(es) to be conducted at such location; (b) an affirmation that the availability of this rider was a significant factor in the Customer's decision to locate the new or expanded load on the Company's system; (c) the number of full time employees to be employed at the facilities at the end of the first, second, and third years of operation; (d) the new capital to be invested at the facility; and (e) a description of the ~~natural-g~~Gas equipment, including the usage characteristics of the new or expanded ~~G~~gas load, to be installed at the facility. This rider will apply only to the amount of separately metered additional load added in the case of a facility expansion. Customers participating in this rider must also execute a written contract with the Company evidencing their agreement to the terms of this rider.

Exclusions

This rider is not available to or for (1) existing facilities that temporarily shut down and reopen; (2) ~~G~~gas loads moved from another site in the State; or (3) an existing facility that became a new Customer solely because of a change in ownership. Notwithstanding the foregoing, any such facilities may, upon application and approval, become eligible for the credits provided by the rider with respect to an expanded load at such facilities.

Rate

The monthly discount, which will be applied to only the portion of the bill calculated for the new or expanded load, shall be computed based upon a declining, three-year percentage reduction in the non-gas margin portion of the applicable ~~R~~ate ~~S~~schedule (203, 204, 213, 214). This discount will commence on the Customer's first month billing and continue for a period of three years.

The percentage reductions are as follows:	First Year	-----	45% Reduction
	Second Year	-----	25% Reduction
	Third Year	-----	15% Reduction

ECONOMIC DEVELOPMENT RIDER

The Customer may still negotiate with the Company under the provisions of -Rate Schedule 208 while being served on this rate.

Termination/Penalties

The Company may terminate Sservice under this rider when:

1. During any consecutive 12 month period within the five year term of the contract the Customer fails to consume at least 50,000 Mcf of ~~natural-g~~Gas through the new or expanded facilities to which this rider is applicable; or
2. Discontinuance of Sservice to Customer would be authorized under the Company's general tariff provisions.

In the event Sservice under this rider is terminated by the Company or Customer defaults in its obligations hereunder, Customer will be required to reimburse to the Company, upon demand, an amount equal to all reductions received by Customer under this rider plus applicable interest from the date of such reduction at the rate paid by the Company for Sservice deposits pursuant to Commission Rule R103-443 and R103-436.

Payment of Bills

Bills are net and due upon receipt. Bills become past due 15 days after bill date.

Late Payment Charge

A late payment charge of 1% per month will be applied to all balances not paid prior to the next month's billing date.

Service Interruption and Curtailment

Gas Sservice under this Rate Schedule is subject to the provisions contained within Rate Schedule 206, "Schedule for Limiting and Curtailing Service".

RATE SCHEDULE 203
LARGE GENERAL SALES SERVICE

Availability

For new Customers, Gas Service under this Rate Schedule is available in the area served by the Company in the State of South Carolina to any full requirements non-residential Customer whose average daily Gas usage is reasonably anticipated to equal or exceed 50 dekatherms per day, upon application to and consent by the Company to such Gas Service, as provided in the Company's Service Regulations. Gas Service under this Rate Schedule is contingent upon the installation by the Company of telemetering equipment that reports daily consumption.

Upon commencement of Gas Service under this Rate Schedule, any reclassification or change in quantity or character of Gas Service to Customer shall be subject to the provisions of this Rate Schedule and the procedures set forth in the Company's Service Regulations.

Character of Service

The nature of Gas Service provided by the Company to the Customer under this Rate Schedule is firm sales Service.

Once a qualified Customer is approved by the Company for Gas Service under this Rate Schedule, all Service will be provided under the terms and conditions of this Rate Schedule for a term extending through the following May 31. Subject to the requirements set forth above, a Customer may elect to discontinue Service under this Rate Schedule and receive Service under Rate Schedule 213, "Large General Transportation Service", by giving written notice to the Company prior to March 1 of any year. If timely notice is received from the Customer and consent is provided by the Company, the Customer shall discontinue Service under this Rate Schedule effective the first June 1 following the notice.

All Gas delivered pursuant to this Rate Schedule shall be metered separately from any Gas delivered under any of the Company's other Rate Schedules.

Rates and Charges

The rates to be charged for Gas Service pursuant to this Rate Schedule are set forth on the Company's "Rates and Charges" tariff sheet and may be viewed at the Company's Web Site at www.piedmontng.com. RATE SCHEDULE 203
LARGE GENERAL SALES SERVICE

For Customers commencing initial Gas Service under this Rate Schedule, the billing demand shall be the highest actual daily consumption to date during that initial partial year, but shall be a minimum of 50 dekatherms. If a Customer has received Gas Service from the Company prior to receiving Service under this Rate Schedule but does not have daily telemetered records to determine peak day usage as described above, the Company shall use 6% of that Customer's highest previous winter month's consumption for the billing demand determinant.

The calculation of Customer billing determinants hereunder shall not create any right to Gas Service at a specified level. All changes to character or quantity of Gas Service shall be subject to the Company's consent based on the evaluation and analysis described in the Company's Service Regulations.

Volumetric Charges

The rate per therm shall be billed on the quantity of Gas delivered by Company to Customer. Any adjustments to the quantity of Gas delivered due to meter failure or inaccuracy of measurement shall be determined as provided in the Commission Rules.

Payment of Bills

Bills are net and due upon receipt. Bills become past due 15 days after bill date.

Late Payment Charge

A late payment charge of one and a half percent (1 ½%) per month will be applied to all balances not paid prior to the next month's billing date.

Service Interruption and Curtailment

Gas Service under this Rate Schedule is subject to the provisions contained within Rate Schedule 206, "Schedule for Limiting and Curtailing Service".

Applicable Documents Defining Obligations of the Company and Its Customers

Service under this rate schedule is subject to the Commission Rules and to the Company's Tariff and Service Regulations. RATE SCHEDULE 204
INTERRUPTIBLE SALES SERVICE

Availability

For new Customers, Gas Service under this Rate Schedule is available in the area served by the Company in the State of South Carolina **on an interruptible basis** to any full requirements non-residential Customer whose average daily Gas usage is reasonably anticipated to equal or exceed 50 dekatherms per day, upon application to and consent by the Company to such Gas Service, as provided in the Company's Service Regulations. Gas Service under this Rate Schedule is contingent upon the installation by the Company of telemetering equipment that reports daily consumption.

Upon commencement of Gas Service under the Rate Schedule, any reclassification or change in quantity or character of Gas Service to Customer shall be subject to the procedures set forth in in this Rate Schedule and the Company's Service Regulations.

Character of Service

The nature of Gas Service provided by Company to Customer under this Rate Schedule is interruptible sales Service.

Once a qualified Customer is approved by the Company for Gas Service under this Rate Schedule, all Services will be provided under the terms and conditions of this Rate Schedule for a term extending through the following May 31. Subject to the requirements set forth above, a Customer may elect to discontinue Service under this Rate Schedule and receive Service under Rate Schedule 214, "Interruptible Transportation Service", by giving written notice to the Company prior to March 1 of any year. The Company will not withhold such consent provided (a) the Company continues to offer Interruptible Transportation Service under Rate Schedule 214 and (b) the Company is able to provide Service under Rate Schedule 114. If timely notice is received from the Customer and consent is provided by the Company, the Customer shall discontinue Service under this Rate Schedule effective the first June 1 following the notice.

All Gas delivered pursuant to this Rate Schedule shall be metered separately from any Gas delivered under any of the Company's other Rate Schedules.

Standby Alternate Fuel Capability

Customers purchasing Gas pursuant to this Rate Schedule shall maintain, in useable condition, alternate fuel facilities with ample on-site alternate fuel capability for supplying 100% of the establishment's Gas requirements during periods of Gas interruption or Curtailment. Such Interruption or Curtailment shall be immediately effective upon verbal or written notification by the Company and Customer shall refrain from using Gas until permitted to do so by the Company. It is understood and agreed that the Company will have the right to suspend Gas Service without further notice to the Customer in the event Customer fails to curtail Customer's use of Gas in accordance with the Company's notice of Curtailment.

Customer at Risk of Interruption or Curtailment of Service

All of the Customer's business, operational, mechanical or other risks associated with the Interruption or Curtailment of Service under this Rate Schedule shall be borne by the Customer.

RATE SCHEDULE 206
SCHEDULE FOR LIMITING AND CURTAILING SERVICE

Applicability and Character of Service

This Service Schedule defines the types of Curtailment, Interruption and penalty charges that the Company may invoke from time to time for Customers receiving firm or interruptible Service due to the occurrence of extreme weather conditions, Operating Conditions, Force Majeure events, or other causes for limitation of Service specified in the Company's Service Regulations and Rate Schedules, and describes the process and procedures to be followed in the implementation of Gas Service restrictions.

Distribution Pressure Curtailments

Due to extreme weather conditions, Operating Conditions or Force Majeure events as defined in the Company's Service Regulations, or the demands of the Company's firm Customers as the same may affect the Company's ability to provide interruptible Service, the Company may experience localized pressure deficiencies. During such times and within the areas affected, the Company will first curtail Service to interruptible Customers served under Rate Schedule 204, Rate Schedule 208 or Rate Schedule 214, by priority of their margin contribution to the Company (curtailing Customers with the lowest margin rate first) until the pressure situation can be alleviated. In the unlikely event that further interruption is required, the Company will proceed with Curtailment by margin contribution considering end use, impact on the local economy, and Commission Rules.

Supply or Capacity Related Curtailments

In situations when supply and capacity services contracted by the Company are not sufficient to meet the full requirements of Customers desiring firm sales Service from the Company, the Company will first curtail Service to interruptible sales Customers receiving Service under Rate Schedule 204, or Rate Schedule 208 by priority of their margin contribution to the Company. The Company reserves the right at the Company's discretion to purchase quantities being delivered to the Company by Customers under Rate Schedule 214 at market prices in order to serve firm Customers without operable alternative fuel capability. In the unlikely event that further interruption is required, the Company will proceed with Curtailment by margin contribution considering end use, impact on the local economy, and Commission Rules.

Emergency Service

The Company will make every reasonable effort to deliver/redeliver plant protection volumes of Gas to industrial and commercial Customers that do not have standby fuel systems sufficient to prevent damage to facilities or danger to personnel, or to Customers that find it impossible to continue operations on the Customer's standby or alternate energy source as a result of a bona fide existing or threatened emergency. This includes the protection of such existing material in process that would otherwise be destroyed, or deliveries required to maintain plant production. All emergency Service is interruptible and is of a discretionary nature on the part of the Company and implies no present or future obligation of the Company to any Customer to provide such Service on either a temporary or continuing basis. Deliveries/Redeliveries of Gas for emergency Service hereunder shall be made pursuant only to advance operating arrangements between the Company's authorized personnel and the Customer and shall be subject to modification, Curtailment or Interruption at any time should the Company deem it necessary.

RATE SCHEDULE 206
SCHEDULE FOR LIMITING AND CURTAILING SERVICE

Rate for Emergency Service

If the Company has authorized the Customer to receive emergency Service as provided in the above paragraph, then all Gas so consumed by the Customer for emergency Service will be at a rate set forth on the Company's "Rates and Charges" tariff sheet, plus the usage rate for Rate Schedule 204 and 214 as applicable, plus the higher of two commodity indices - a "Monthly Contract Price" or a "Daily Price" - for each dekatherm of consumption. "Monthly Contract" shall be defined as the monthly contract index price for the applicable calendar month as first published in Inside F.E.R.C.'s - Gas Market Report in the table titled "Monthly Bidweek Spot Gas Prices" under the heading "Louisiana/Southeast Transco, zone 3" in the column titled "Index", plus Transco's zone 3 to zone 5 IT transportation rate inclusive of all surcharges and fuel. "Daily Price" shall be defined as the daily price for Gas defined by Gas Daily as stated in the "Daily Price Survey", "Northeast", "Transco, zone 6 non-N.Y.", "Midpoint" price. For days of consumption when the "Monthly Contract Price" is not published, the "Monthly Contract Price" shall equal the corresponding "Daily Price" published for the first day of the month of flow. For days of consumption when the "Daily Price" is not published, the "Daily Price" shall equal the average of the corresponding "Daily Price" as published on the nearest preceding and nearest subsequent day. Customers who bring into Piedmont's system authorized quantities of Gas for emergency Service redeliveries shall not be subject to the commodity index billing stated above for such quantities. The Customer's consumption will continue to be billed hereunder until the Company notifies the Customer that either (1) further Gas sales or redeliveries may be made under the Customer's regular Rate Schedule or (2) complete Curtailment is unavoidable and that further Gas sales or redeliveries will be considered unauthorized.

Penalty for Unauthorized Gas

If at any time a Customer fails to discontinue the consumption of Gas limited by the Company pursuant to an Operational Order, fails to abide by imbalance restrictions imposed by the Company through the issuance of an Operational Order or otherwise takes Gas or delivers Gas to the Company at levels in excess of the quantities specified by the Company, any such quantities shall constitute "Unauthorized Gas". For each dekatherm of such Unauthorized Gas, Customer shall pay to the Company a rate set forth on the Company's "Rates and Charges" tariff sheet, plus the usage rate for Rate Schedule 204 (sales) or Rate Schedule 214 (transportation), plus the higher of two Gas commodity indices - a "Monthly Contract Price" or a "Daily Price" as both are defined above. Such three-part rate shall constitute the Unauthorized Gas penalty charge applicable except in instances of Customer's failure to abide by restrictions on long imbalances which shall be subject to the standalone rate set forth on the Company's "Rates and Charges" tariff sheet. Customers causing Unauthorized Gas shall be further subject to immediate termination of Service or disconnection from the Company's system. In the event of such termination of Service or disconnection, Service shall not be restored until the Commission-approved reconnection fee has been paid by Customer to Company.

The Customer's consumption and/or Gas deliveries to the Company will continue to be unauthorized until the Company notifies the Customer that either (1) the Curtailment event, Operational Order or other restriction imposed by the Company has been lifted, thereby enabling further Gas sales or redelivery Service to be made under the Customer's regular Rate Schedule, or (2) the Company agrees to provide emergency Service under this Rate Schedule.

SCHEDULE FOR LIMITING AND CURTAILING SERVICE

The Customer shall be liable for the Unauthorized Gas penalty charge together with and in addition to any incremental charges or assessments (including, but not limited to penalties) by the upstream interstate pipeline during the time of the unauthorized usage by such Customer. The payment of a penalty for Unauthorized Gas shall not under any circumstances be considered as giving any such Customer the right to fail to comply with the Company's Operational Orders or other imposed restrictions, nor shall such payment be considered as a substitute for any other remedies available to the Company or any other Customer against the offending Customer for failure to adhere to its obligations under the provisions of this Rate Schedule.

RATE SCHEDULE 207
BALANCING, CASH-OUT, AND AGENCY AUTHORIZATION

Applicability

The provisions of this Rate Schedule 207 shall apply to all Transportation Service provided by the Company under Rate Schedules 213 and 214, as well as all Transportation Special Contracts, unless expressly provided otherwise therein.

Limitations on Intra-month Imbalances

Receipts and deliveries of Gas hereunder shall be at uniform rates of flow with no significant fluctuations or imbalances. Customer (or its Agent) is responsible to match daily Gas deliveries into the Company's system with daily Gas consumption by Customer as closely as possible. Any imbalances shall be corrected by the Customer (or its Agent), insofar as practicable, during the month in which they occur. Customer (or its Agent) is expected to proactively manage intra-month imbalances. Customer (or its Agent) may adjust its daily nominations during a month in order to correct any accumulated imbalance and maintain a monthly balance subject to the operating limitations of the Company. The Company reserves the right to limit the amount of such imbalances to avoid operating problems, comply with balancing requirements of the upstream pipeline(s), and to mitigate the need to acquire additional daily supply at prices that would adversely affect sales customers. The Customer (or its Agent) will be responsible for any imbalance charges assessed by upstream pipeline(s) in connection with any Gas transported by the Customer under this Rate Schedule.

In the event Customer (or its Agent) fails to abide by the requirements set forth above, the Company shall have the right to curtail deliveries to Customer (Customers in a transportation pool operated by a single Agent will be curtailed on a pro rata basis based on nominated quantities) if an imbalance is negative or reducing Customer's nominated quantities if an imbalance is positive. The Customer will be responsible for any imbalance charges assessed by upstream pipeline(s) in connection with any Gas transported by the Customer. The Company reserves the right to take other reasonable action to mitigate system operational problems. The Company will use its reasonable efforts to notify the Customer or the Customer's Agent before proceeding with a unilateral nomination reduction or delivery Curtailment and will notify Customer of any reduction to Customer's nomination that has been instituted by the Company.

No later than one-hour prior to the NAESB deadline for the timely nomination cycle on the fifth business day prior to the beginning of each month, the Customer must inform the Company of the nominating Agent for Gas to be transported. If no notification to the contrary is provided, the Agent providing Service during the prior month shall be deemed to be the nominating Agent by default. No later than one-hour prior to the NAESB deadline for the timely nomination cycle on the fourth business day prior to the beginning of each month, the Customer shall submit a timely and valid nomination for transportation. Changes to nominations for Gas transportation within the month are due to the Company no later than one-hour prior to the NAESB deadline for the timely nomination cycle on the day prior to Gas flow. Company will have no obligation to accommodate intraday nomination changes.

Balancing On Upstream Pipeline(s)

It shall be the Customer's responsibility to remain in balance on a daily and monthly basis with upstream pipeline(s) to avoid any assessment of penalties by such pipeline(s) against the Company. If the Company is assessed a penalty by an upstream pipeline, the Company shall have the right to pass-through all such penalties to the Customer or its Agent if the Customer has had an imbalance with the Company during the period for which the penalty was assessed.

Monthly Imbalance Resolution

Any differences between the monthly quantities delivered to the Company's city gate facilities for the account of the Customer, and the monthly quantities consumed by the Customer as metered by the Company, shall be the monthly imbalance. The Percentage of Imbalance is defined as the monthly imbalance divided by the monthly quantities consumed by the customer. Unless the Company and Customer agree to correct imbalances "in kind," the imbalance shall be resolved monthly by "cashing out" the imbalances as they are known to exist at that time. If the Customer consumes more Gas than it has delivered to the Company, the Customer will be deemed to be "short" by the amount of the deficiency, and the Company will sell the amount of the deficiency to the Customer by charging the price as specified below. If the Customer consumes less Gas than has been delivered to the Company, the Customer will be deemed to be "long" by the amount of the surplus, and the Company will buy the amount of the surplus from the Customer by paying the price as specified below.

If the Customer's imbalance is less than or equal to 2% of the total monthly volume consumed, or if the total aggregated imbalance for the Agent is less than or equal to 2% of the total volume consumed by all of the Agent's Customers in that transportation pool, then the price paid by the Company if the imbalance is long or the price paid by the Customer (or Agent) if the imbalance is short will be the sum of (a) the average of all published indices for the month as published in Natural Gas Week as stated in the "Gas Price Report" table under "Louisiana, Gulf Coast, Onshore, Spot Delivered to Pipeline" plus (b) the rate under Transcontinental Gas Pipe Line's Rate Schedule IT, including applicable fuel and surcharges, for service from Zone 3 to Zone 5.

If the Customer's Percentage of Imbalance is more than 2%, or if the total aggregated Percentage of Imbalance for the Agent is more than 2% for all of the Agent's Customers in that transportation pool, then the price paid by the Company if the imbalance is long is the lower of the monthly index price listed in Platts Inside FERC's Gas Market Report for Transcontinental Gas Pipe Line Zone 3 deliveries plus applicable fuel and FT variable charges under Transcontinental Gas Pipe Line's Rate Schedule FT for service from Zone 3 to Zone 5 or the lowest weekly index price listed in Natural Gas Week's Gas Price Report "Delivered to Pipeline" for volumes listed under Louisiana -- Gulf Coast, Onshore plus applicable fuel and FT variable charges under Transcontinental Gas Pipe Line's Rate Schedule FT for service from Zone 3 to Zone 5. If Customer (or Agent) imbalance is short, then the price paid by the Customer (or Agent) will be the higher of the monthly index price listed in Platts Inside FERC's Gas Market Report for Transcontinental Gas Pipe Line Zone 3 deliveries plus applicable fuel and IT variable charges under Transcontinental Gas Pipe Line's Rate Schedule IT for service from Zone 3 to Zone 5 or the highest weekly index price listed in Natural Gas Week's Gas Price Report "Delivered to Pipeline" for volumes listed under Louisiana -- Gulf Coast, Onshore plus applicable fuel and IT

Agency Authorization Form

Certain Rate Schedules permit a Customer to appoint a Customer's Agent to act on its behalf with respect to nominations, imbalance resolution, and/or billing. Customer shall authorize a Customer's Agent by executing an Agency Authorization Form in the form attached to this Rate Schedule. In order to be considered a Customer's Agent, a third party must execute and be in compliance with all of the terms of the Customer Agent Agreement form set forth in Appendix B to the Company's Service Regulations. To the extent that the Agent appointed by the Customer is common to other Customers of the Company, the Company will permit such Agent to aggregate all such qualifying Customers' transportation quantities for purposes of administering Service to such Agent. Once a Customer has designated an Agent, the Agent is then authorized to act on behalf of that Customer and as such, the Agent will be considered as the Customer in all corresponding references contained within this Rate Schedule. The Customer may not change Agents within the calendar month without the permission of the Company, unless the Agent's right to conduct business has been suspended by the Company, in which case, the Customer may act without an Agent or may provide written notice to the Company of the new Customer's Agent designated by the Customer. The Company will provide reasonable notice to Customer in the event of any suspension of Customer's Agent and will provide copies to Customer, on an expeditious basis and by electronic or other means, of any formal notices issued to the Customer's Agent. All Agents must utilize the electronic means made available by the Company in order to submit nominations. The Company may recover from the Agent all costs incurred in providing the Agent access to the electronic bulletin board.

RATE SCHEDULE 208
NEGOTIATED SERVICE

Applicability and Character of Service

On occasions, the Company may have Gas that it cannot sell or Transportation Service that it cannot provide pursuant to its Rate Schedules because its maximum rates are not competitive with alternate fuels or energy sources. On such occasions, a Service opportunity is lost to the Company and to its Customers. This Rate Schedule is designed to permit the Company to provide Services at negotiated rates.

Gas Service under this Rate Schedule is available on a limited term basis to all non-residential Customers in the area served by the Company in the State of South Carolina who receive Services under the Company's Rate Schedules 202, 252, 242, 203, 213, 204 or 214. The Company may provide negotiated Transportation and Sales Service to Customers who receive Service under Rate Schedule 214 in order to compete with alternate fuels or energy sources. Unless otherwise agreed to by the Company, Service under this Rate Schedule is interruptible and the Company has the right to discontinue such Service on one hour's notice.

Rate

The rate to be charged for Gas Service pursuant to this Rate Schedule is subject to negotiation between the Customer and the Company.

Payment of Bills

Bills are net and due upon receipt. Bills become past due 15 days after bill date.

Late Payment Charge

A late payment charge of one and a half percent (1 ½%) per month will be applied to all balances not paid prior to the next month's billing date.

Service Interruption and Curtailment

Gas Service under this Rate Schedule is subject to the provisions contained within Rate Schedule 206, "Schedule for Limiting and Curtailing Service".

Applicable Documents Defining Obligations of the Company and Its Customers

Service under this Rate Schedule is subject to the Commission Rules and to the Company's Tariff and Service Regulations. Among other things, the Commission Rules and the Company's Tariff and Service Regulations permit the Interruption or Curtailment of Service under certain conditions, including events of Force Majeure and Operating Conditions.

RATE SCHEDULE 213
LARGE GENERAL TRANSPORTATION SERVICE

Availability

For new Customers, Gas Service under this Rate Schedule is available in the area served by the Company in the State of South Carolina to any full requirements non-residential Customer whose average daily Gas usage is reasonably anticipated to equal or exceed 50 dekatherms per day, upon application to and consent by the Company to such Gas Service, as provided in the Company's Service Regulations. Gas Service under this Rate Schedule is contingent upon the installation by the Company of telemetering equipment that reports daily consumption.

Upon commencement of Gas Service under this Rate Schedule, any reclassification or change in quantity or character of Gas Service to Customer shall be subject to the provisions of this Rate Schedule and the procedures set forth in the Company's Service Regulations.

Character of Service

The nature of Gas Service provided by the Company to the Customer under this Rate Schedule is firm Transportation Service.

Once a qualified Customer is approved by the Company for Gas Service under this Rate Schedule, all Service will be provided under the terms and conditions of this Rate Schedule for a term extending through the following May 31. Subject to the requirements set forth above, a Customer may, subject to the consent of the Company, elect to discontinue Service under this Rate Schedule and receive Service under Rate Schedule 203, "Large General Sales Service," by giving written notice to the Company prior to March 1 of any year. The Company will not withhold such consent provided (a) the Company continues to offer firm sales Service under Rate Schedule 203 and (b) the Company is able to acquire firm Gas supplies and capacity under commercially reasonable terms and conditions. If timely notice is received from the Customer and consent is provided by the Company, the Customer shall discontinue Service under this Rate Schedule effective the first June 1 following the notice.

All Gas delivered pursuant to this Rate Schedule shall be metered separately from any Gas delivered under any of the Company's other Rate Schedules.

The Company will redeliver Gas received by the Company from upstream connecting pipeline(s) for the Customer's account under this Rate Schedule in accordance with the Customer's scheduled and confirmed nominations and subject to Company's Operating Conditions. The Company reserves the right to suspend Gas Service on any day, when in the Company's sole opinion, its Operating Conditions are such that suspension of Service is necessary.

Balancing, Cash-Out and Agency Authorization

Service Under this Rate Schedule shall be subject to all of the provisions and requirements of Rate Schedule 207, "Balancing, Cash-Out, and Agency Authorization."

LARGE GENERAL TRANSPORTATION SERVICE

Rates and Charges

The rates to be charged for Gas Service pursuant to this Rate Schedule are set forth on the Company's "Rates and Charges" tariff sheet and may be viewed at the Company's Web Site at www.piedmontng.com. A copy of the "Rates and Charges" tariff sheet is also on file with the Commission. Rates are subject to adjustment from time to time with the approval of the Commission. The rates on file with the Commission shall prevail in the event of conflict with those rates viewed on the Company's Web Site.

Billing Demand

A Customer's billing demand determinant shall be the highest daily usage during the period from November 1 to March 31 of the previous winter period as metered and reported to the Company by the telemetering equipment installed by the Company. Changes to the Customer's billing demand determinant will become effective June 1 of each year.

For Customers commencing initial Gas Service under this Rate Schedule, the billing demand shall be the highest actual daily consumption to date during the partial year, but shall be a minimum of 50 dekatherms. If a Customer has received Gas Service from the Company prior to receiving Service under this Rate Schedule but does not have daily telemetered records to determine peak day usage as described above, the Company shall use 6% of that Customer's highest previous winter month's consumption for the billing demand determinant.

The calculation of Customer billing determinants hereunder shall not create any right to Gas Service at a specified level. All changes to character or quantity of Gas Service shall be subject to the Company's consent based on the evaluation and analysis described in the Company's Service Regulations.

Volumetric Charges

The rate per therm shall be billed on the quantity of Gas delivered by Company to Customer. Any adjustment to the quantity of Gas delivered due to meter failure or inaccuracy of measurement shall be determined as approved in Commission Rules.

Payment of Bills

Bills are net and due upon receipt. Bills become past due 15 days after bill date.

Late Payment Charge

A late payment charge of one and a half percent (1½%) per month will be applied to all balances not paid prior to the next month's billing date.

RATE SCHEDULE 242
NATURAL GAS VEHICLE FUEL

Applicability and Character of Service

Gas Service under this Rate Schedule is available at Company-operated public stations to Customers seeking to obtain Compressed Natural Gas for dispensing into the fuel tank of a motor vehicle.

The nature of Service provided by Company to Customer under this Rate Schedule is interruptible sales Service.

Rates and Charges

The rates to be charged for Gas Service pursuant to this Rate Schedule are set forth on the Company's "Rates and Charges" tariff sheet and may be viewed at the Company's Web Site at www.piedmontng.com. A copy of the "Rates and Charges" tariff sheet is also on file with Commission. Rates applicable to Service hereunder shall be billed at a maximum rate of \$.50 per therm in addition to the base rate for Service under this Rate Schedule 242 as set forth on the Company's "Rates and Charges" tariff sheet. The per therm charge is designed to recover the costs associated with compression and related equipment necessary to provide this Service. Rates are subject to adjustment from time to time with the approval of the Commission. The rates on file with the Commission shall prevail in the event of conflict with those rates viewed on the Company's Web Site.

Motor Fuels and Road Taxes and Fees

The rates to be charged for Service pursuant to this Rate Schedule do not include applicable federal, state and/or local motor fuel or road taxes or fees. Such taxes and fees shall be added to Company's approved rates when calculating total Customer charges for Service under this Rate Schedule.

Payment of Bills

Bills for Service provided pursuant to this Rate Schedule shall be paid at the time of Service with a valid credit or debit card accepted by the Company.

RATE SCHEDULE 243
EXPERIMENTAL MOTOR VEHICLE FUEL SERVICE

Availability

Gas Service under this Rate Schedule is available, on an experimental basis, in the area served by the Company in the State of South Carolina to all existing and qualified potential customers under Rate Schedules 201, 202, 252, 203, 204, 213 and 214 seeking to purchase or transport Gas for use as a motor vehicle fuel. All requests for Service under this Rate Schedule shall be subject to application to and consent by the Company to such Service, as provided in the Company's Service Regulations.

This Rate Schedule is experimental in nature and designed to (a) determine the relative need for sales/transportation Service to meet the Gas motor vehicle fuel needs of Customers qualified for and/or receiving Service under the applicable Rate Schedules identified above, and (b) to determine whether Company's existing facilities and structures can accommodate the provision of such Service. Company reserves the right, upon reasonable notice to the Commission, to suspend Service to new Customers under this Rate Schedule in the event further Service under this Rate Schedule would threaten, interfere with, or impede Piedmont's ability to meet its other contractual obligations or efficiently operate its system and/or facilities. Absent such suspension by Piedmont, this Rate Schedule shall remain in effect for a period of two (2) years after which Service hereunder may continue to be provided subject to any proposal by Piedmont or any other interested party to terminate, extend, modify or adjust the provision of such Service.

Character of Service

The nature of Service provided by Company to Customer under this Rate Schedule shall be commensurate with the nature of Service for which Customer is qualified under the applicable Rate Schedule identified above. Gas received under the provisions of this Rate Schedule shall be used for motor vehicle fuel purposes only.

All Gas delivered pursuant to this Rate Schedule shall be metered and billed by the Company separately from any Gas delivered to Customer under any other Rate Schedule and utilized for non-motor vehicle fuel purposes.

Service Interruption and Curtailment

Gas Service under this Rate Schedule is subject to the provisions contained within Rate Schedule 206, "Schedule for Limiting and Curtailing Service."

Balancing, Cash-Out, and Agency Authorization

Service under this Rate Schedule shall be subject to all of the provisions and requirements of Rate Schedule 207, "Balancing, Cash-Out, and Agency Authorization."

Rates and Charges

The rates to be charged for Gas Service pursuant to this Rate Schedule shall be those rates and charges (and components thereof) applicable to the corresponding individual Rate Schedule under which Customer qualifies for Service. These rates and charges are set forth on the Company's "Rates and Charges" tariff sheet and may be viewed at the Company's Web Site at www.piedmontng.com. hereunder may, to the extent such Service includes compression of Gas for utilization as a motor vehicle fuel, include a per therm compression charge designed to recover the costs associated with such compression and related equipment. The maximum compression charge to be included is \$.50 per therm. Rates are subject to adjustment from time to time with the approval of the Commission. The rates on file with the Commission shall prevail in the event of conflict with those rates viewed on the Company's Web Site.

Payment of Bills

Bills for Service rendered pursuant to this Rate Schedule shall be due and payable as provided under the individual Rate Schedules identified above under which Customer is qualified for Service.

Applicable Documents Defining Obligations of the Company and Its Customers

Service under this Rate Schedule is subject to Commission Rules and to the Company's Tariff and Service Regulations. Among other things, the Commission Rules and the Company's Tariff and Service Regulations permit the Interruption or Curtailment of Service under certain conditions, including events of Force Majeure and Operating Conditions. .

Resale

Gas delivered to Customer under the provisions and authority of this Rate Schedule, except for Customers receiving Gas for motor vehicle fuel purposes under Rate Schedule 201, may be resold solely for use as a motor fuel.

Taxes

Customer shall be solely and exclusively responsible for the payment of any local, state, or federal road tax, motor fuel tax, or similar tax, fee, or charge attributable to or arising out of the utilization of Gas delivered hereunder as a motor vehicle fuel.

Treatment of Gas Quantities Received Pursuant to this Rate Schedule

All quantities of Gas delivered to Customer for use as a motor fuel pursuant to this Rate Schedule 243 during any Annual Review Period shall be aggregated with quantities of Gas received by Customer under any of the Rate Schedules identified above solely for the purpose of establishing Customer's eligibility for continued Service from Company as provided in Paragraphs 34 and 35 of Piedmont's Service Regulations.

3. Applicable Documents Defining Obligations of the Company and its Customers. The obligations of the Company to provide Service and the obligations of the Customer upon receipt of Service are set forth in (a) the applicable statutes as set forth in Section 58 of the Code of Laws of South Carolina, (b) the applicable Commission Rules and Regulations , (c) the applicable Rate Schedule(s), (d) these Service Regulations and (e) any written application or other document executed by the Company and the Customer pertaining to such Service. Upon request of the Customer, the Company will provide the Customer with a copy of the applicable Rate Schedule(s), these Service Regulations and any written application for Service or other documents executed by the Company and the Customer pertaining to such Service. No promise, statement or representation by an employee or agent of the Company or by any other person shall bind the Company to provide Service or to change the terms and conditions upon which Service will be rendered unless the same is in writing and is executed by an authorized representative of the Company. In no event shall the Customer be relieved from its obligation to pay in full the amount due for Service received from the Company by the Customer. In the event there is a conflict between these Service Regulations and the provision of the applicable currently effective Rate Schedule, the provisions of the Rate Schedule shall govern.

4. Delivery Pressure. The Company will provide to residential Customers a delivery pressure of either 7 inches water column (approximately 1/4 psig) or 2 psig. Commercial and Industrial Customers can be provided a delivery pressure of up to 5 psig. Delivery pressures of higher than 5 psig will be considered only if 1) requested in writing 2) justified by requirements of the fuel burning equipment. Documentation of such requirements must also be provided. Approval will be conditioned on the Company's distribution system pressure availability. Exceptions are subject to the approval of the Company.

5. Applicable Documents Subject to Change. All of the documents defining the obligations of the Company to provide Service and the obligations of the Customer upon the receipt of Service are subject to change from time to time upon approval of the

Commission and by other duly constituted governmental authorities. The Company does not undertake to advise the Customer of any such change except as may be required by the Commission or other duly constituted governmental authority.

6. Non-Waiver. The failure of the Company to enforce any provision of any applicable documents defining the obligations of the Company and its Customers shall not be deemed to be a continuing waiver of such provisions for the Customer or a waiver of any other provision of any of the applicable documents.

7. Application for Initial Service. The Company shall not be required to supply Service to the Customer unless and until the Customer has executed an application for Service which, among other things, contains the date of the application, the name of the applicant, the location of the premises for which Service is requested, the type of Service applied for and estimated Gas consumption. The Company may, at its sole option, waive the requirement for a written application, in which event the obligations of the Company to provide Service and the obligations of the Customer upon receipt of Service shall be controlled by the other applicable documents defining the obligations of the Company and its Customers.

8. Application to Increase Gas Load. Residential Customers receiving Gas Service from the Company will be permitted to increase their residential Gas loads at the same premises without application to the Company. All other Customers shall make application to the Company before increasing their Gas load and before changing the purpose for which they use Gas. The application will contain, among other things, the date of the application, the name of the applicant, the location of the premises for which Service is requested, the type Service applied for and estimated monthly Gas consumption. If, in the Company's opinion, the Company has the capability to provide the additional or changed Gas Service without interfering with the Company's ability to provide Service to its other Customers, the Company will permit the Customer to increase its load or to change the purpose for which it uses Gas.

9. Non-Assignability of Right to Service. Any rights which accrue to the Customer under any of the applicable documents defining the obligations of the Company and its Customers are personal and may not be transferred or assigned without the written consent of the Company.

10. Vacated Premises. The Customer will notify the Company before quitting or vacating the premises served and will pay upon presentation all bills due the Company.

11. Right-of-Way. The Customer shall at all times furnish the Company a satisfactory and lawful right-of-way, at no cost to the Company, over the Customer's premises for the Company's Mains, Service Lines, and apparatus necessary or incidental to the furnishing of Service. The obligation of the Company to provide Service is dependent upon the Company securing and retaining all necessary rights-of-way, privileges, franchises or permits, for the delivery of such Service, and the Company shall

not be liable to the Customer for any failure to deliver Service because of the Company's inability to secure or retain such rights-of-way, privileges, franchises or permits.

12. Access to Customer's Premises. The Company shall at all reasonable times have the right of ingress to and egress from the premises of the Customer for any and all purposes connected with the provision of Service. The Company shall have the right, at its option and at its own expense, to place demand Meters, pressure gauges, or other instruments on the premises of the Customer for billing, testing, or other purposes with respect to the Customer's Service.

13. Installation and Maintenance of Facilities. The Company will install and maintain the necessary Mains, Gas Service Lines, valves, regulators, Meters, over-pressure devices, indexes, gauges, and/or other equipment or facilities required to provide Service. All facilities from the point of connection at the outlet of the Meter assembly shall be installed and maintained by and at the expense of the Customer. The Company may specify the content and pressure of the Gas to be furnished, the location of the Meter and the point where the Service connection shall be made.

14. Service Line Policy. The facilities to be installed by the Company in accordance with the foregoing paragraph will be at no cost to the Residential Customer if (1) at a minimum the Customer will be installing central Gas heating, (2) the Gas Service Line extends along the route selected by the Company and (3) the Gas Service Line is no more than 100 feet. In the event that the above conditions are not met, the Service rendered to the Customer must provide a reasonable return to the Company. If the Customer wishes the facilities to be constructed along a route other than the route selected by the Company and/or if the Gas Service line is more than 100 feet and/or the Service to be rendered to the Customer will not produce a reasonable return to the Company, the Company may require the Customer to pay the excess cost of constructing the facilities along the alternate route or in excess of 100 feet and/or to make a contribution which will permit the Company to earn a reasonable return.

15. Relocation of Facilities and Placement of Excess Flow Valves.

- (a) After a Service connection has been made, it may be relocated on the Customer's premises by the Company upon request of the Customer, but the Customer must bear the expense of the relocation, and the relocation will not be made where it will interfere with or jeopardize the Company's Service either to the Customer desiring the change or to any other Customer or Customers. The Customer must also agree to change the location of the right-of-way and to bear the expense of the change. In no event, however, will the Company be required to relocate facilities if the relocation would interfere with or jeopardize the Company's Service, either to the Customer requesting the change or to any other Customer or Customers. All privileges of the Company incident to the original location shall apply to the new location.

- (b) The Customer has the right to request the placement of an Excess Flow Valve (“EFV”) on any Gas Service Line that does not already have such a valve installed. The Company shall work with the Customer to reasonably determine the date of such installation. The installation will not be made where it will interfere with or jeopardize the Company’s Service either to the Customer desiring the installation or to any other Customer or Customers. As a precondition to installation of an EFV, the Customer shall be required to enter into a written agreement with the Company reflecting the terms of such installation and assuming responsibility for all of the actual costs of such installation. The Company shall be entitled to collect a deposit on such costs prior to initiating installation of the EFV in the amount of the estimated cost of installation.

16. Title to the Facilities. The title to all facilities including Mains, Gas Service Lines, Meters and accessory equipment up to and including the outlet of the Meter assembly shall be vested in the Company, notwithstanding any charge which may be made to the Customer for extending Service.

17. Responsibility Beyond Delivery Point.

- (a) Before installing Gas pipes or appurtenant facilities and before purchasing Gas equipment, the Customer shall give the Company notice, and shall ascertain the character of Service available at such premise. The Company may specify the content and pressure of Gas to be furnished, consistent with Commission rules.
- (b) Before permitting the initial use of Gas at any location, a certificate of inspections and tests of the Customer owned piping shall be furnished to the Company by the Customer or by the local inspecting authority.
- (c) All piping and equipment installed by or on behalf of the Customer must be installed and maintained in accordance with the requirements of the local, county, state, and federal authorities, and the Customer shall keep in good and safe repair and condition all such piping and equipment from the point of connection of the Meter assembly with the facilities of the Company.
- (d) If the Customer’s equipment might create either a vacuum or a back pressure, a device must be installed and maintained by the Customer to protect the Company’s facilities.
- (e) Equipment which will operate in one locality may be useless in another due to difference in Gas pressure or content; therefore, before piping a premises or purchasing equipment, the Customer shall give the Company

notice, and shall ascertain the character of Service available at such premises.

- (f) The Company is merely a furnisher of Gas at the point where it passes from the Company's Mains and Gas Service Lines to the piping of the Customer, and the Company shall not be responsible for any damage or injury to the buildings or other property of the Customer due to Gas installations, defective equipment, or other causes not due to the negligence of the Company. The Company shall not be in any way responsible for the transmission, use, or control of Gas beyond the delivery point, and the Company shall not be liable for any damage or injury to any person or property whatsoever, or for the death of any person or persons arising, accruing, or resulting in any manner from the receiving or use of Gas.

18. Interference with Company Property. The Customer shall not interfere with or alter the Company's Meters or other property or permit the same to be done by any person other than the Company's authorized agents or employees. Damages caused or permitted by the Customer to said property shall be paid for by the Customer. South Carolina law makes it unlawful to alter, tamper with or by-pass a Gas Meter. This law provides for fines and/or imprisonment at the discretion of the court for this offense. In addition, this statute provides for recovery in a civil action by the Company for losses and damages sustained.

19. Excavation in Proximity of Company's Facilities. The Customer shall inform the Company of planned excavation activities in the proximity of the Company's facilities by calling 811 or the toll free number 1-800-922-0983 at least 72 hours in advance of the planned excavation activities. The Customer will notify the Company prior to any additions or changes in his or her facilities which will extend over, under, or in close proximity to the Company's facilities.

20. Prohibition Against Resale of Gas. Gas is sold and delivered upon the express condition that the Customer shall not directly sell or resell, assign, or otherwise dispose of Gas, or any part thereof, to any person, firm, or corporation, except where Service is supplied under a Rate Schedule specifically providing for resale. Under no circumstances will the Company supply Gas for resale in competition with the Company.

21. Curtailment or Interruption of Service. In the event of a Curtailment or Interruption of Service, the Company shall use all reasonable diligence to remove the cause or causes thereof, but the Company shall not be liable for any loss or damage resulting from such Curtailment or Interruption due to accidents, Force Majeure, extreme weather conditions, Operating Conditions or causes beyond its control.

22. Action to Maintain System Integrity. When the Company in its discretion determines that it is necessary to limit, modify, curtail or interrupt Service to maintain the integrity of

its distribution or transmission system, to provide for its or the public's safety, or otherwise when Operating Conditions are such that the Company deems such action to be necessary, the Company shall have the right to limit, modify, curtail or interrupt Service to any Customer through the issuance of an Operational Order. Violation of such Operational Orders by any Customer shall subject such Customer to disconnection and/or financial penalties as provided in Rate Schedule 206.

23. Discontinuance of Service. The Company, subject to the rules of the Commission, shall have the right to suspend or discontinue its Service for (a) repairs or other necessary work on its Mains or systems, (b) for nonpayment of bill in accordance with the R103-452 of the Commission's Rules and Regulations, as the same may be amended from time to time, and (c) for any of the following reasons:

- (a) For any misrepresentation as to the identity of the Customer making the application for Service.
- (b) For violation by the Customer of any terms or conditions of the documents defining the obligations of the Company to provide Service and the obligations of the Customer upon the receipt of Service.
- (c) For the reason that the Customer's use of the Company's Service is detrimental to the Service of other Customers. This may cover a Customer's failure, directly or indirectly, to deliver Gas to the Company or the violation by the Customer of an Operational Order.
- (d) For the reason that the Customer's use of the Company's Service conflicts with or violates orders, ordinances or laws of the State of South Carolina, or any subdivision thereof, or of the Commission or of any other governmental agency having jurisdiction over the Company or the Customer.
- (e) For the reason that piping, equipment, appliance or device is installed or in use on the Customer's premises which permits the Gas to be used without passing through the Company's Meter, or which prevents or interferes with the accurate measuring of the Gas by the Company's Meter other than when such Gas use is authorized under a non-metered Rate Schedule.
- (f) For failure of the Customer to make, restore, or increase his or her deposit as required.
- (g) In the event of a condition determined by the Company to be hazardous.
- (h) In the event of tampering with the equipment furnished and owned by the Company.

Where Service has been discontinued for any reason except for the failure to pay for repairs or other necessary work by the Company, the Company shall have the right to refuse Service at the same premises to any other applicant who is a member of the family of the former Customer, or who resided on said premises until the reason for discontinuance has been resolved. The Company may require reasonable proof of identity of the applicant of Service.

24. Removal of Equipment. In the event of such discontinuation of Service, the Company may enter the premises of the Customer at any reasonable time and remove the Company's Meters, apparatus, appliances, fixtures or other property.

25. Non-Waiver of Default. Any delay or omission on the part of the Company to exercise its right to discontinue or suspend Service, or the acceptance of a part of any amount due, shall not be deemed a waiver by the Company of such right so long as any default in whole or in part or breach of contract on the part of the Customer shall continue, and whenever and as often as any default or breach of contract shall occur.

26. Establishment of Credit by the Customer. The Company may require an applicant for Service to satisfactorily establish credit pursuant to R103-431 of the Commission's Rules and Regulations.

27. Deposits. Pursuant to R103-431 of the Commission's Rules and Regulations the Company may require from any Customer or from any prospective Customer, a cash deposit intended to guarantee payment of bills for Service. Interest paid on deposit and deposit retention will be in accordance with R103-433 and R103-436 of the Commission's Rules and Regulations.

28. Billing Procedure.

- (a) Meters will be read and bills rendered monthly on a cycle basis of not less than 28 days nor more than 34 days. All bills are due and payable when rendered and become past due after twenty-five (25) days in the case of residential Customers and fifteen (15) days in the case of Customers other than residential, from the date the bill is rendered.
- (b) A late payment charge of one and one-half percent (1½%) per month will be applied to all Customers' balances not paid within twenty-five (25) days from the billing date.
- (c) The Company will endeavor to deliver to the Customer a monthly bill of the amount due to the Company by mailing said bill by first-class mail to the mailing address furnished by the Customer or, at the Customer's election, by sending the bill electronically. Failure to receive a bill will not entitle the Customer to any extension of time for payment beyond the past due date.

- (d) Where a Meter for any reason is not read at the regular reading date, the Company may estimate the amount of Service used by referring to the Customer's consumption for a similar prior period. To the extent practicable, the Company will avoid sending the Customer two successive estimated bills; however, in cases of force majeure, as defined under Section 2(e) Definitions, bill estimates may be permitted for two successive billing periods, or greater. The Company will bill the Customer on the basis of the estimated use and will make any necessary adjustments when the m=Meter is next read.
- (e) No claim or demand which the Customer may have against the Company shall be offset or counterclaimed against the payment of any sum of money due the Company by the Customer for Service rendered, and all such sums shall be paid in accordance with the agreement regardless of such claim or demand.

29. Adjustment of Bills Due to Failure or Inaccuracy of Meter. Bills which are incorrect due to Meter or billing errors will be adjusted as provided in R103-440 of the Commission's Rules and Regulations. Transportation Customers requiring adjustment to their bills for Meter or billing errors shall be adjusted in accordance with R103-440 of the Commission's Rules and Regulations except for the commodity portion which shall be cashed out in accordance with Rate Schedule 207.

30. Returned Check Charge. Where the Customer makes payment for Service by check which is not honored or paid by the bank, full payment will immediately be due and payable, and the Commission approved handling charge will be made.

31. Curtailment of Service. It is contemplated that the Company will from time to time find it necessary to curtail Gas Service to those Customers who purchase Gas from the Company under interruptible Rate Schedules. In addition, unavailability of Gas supplies, requirements of public safety or other factors beyond the control of the Company may make Curtailment of any Customer necessary. In all such events, to the extent practicable, the Company will curtail those Customers paying the least margin per dekatherm first. If it is necessary to interrupt some but not all of the Customers paying the same margin per dekatherm, then, to the extent practicable, Service shall be curtailed to the Customers paying the same margin per dekatherm on a pro rata basis.

32. Reconnection Fees. When Service has been discontinued at the request of the Customer or a member of the Customer's family residing at the same residence, or for nonpayment of bills, and if reconnection is requested by the same Customer or a member of such Customer's family residing at the same residence, on the same premises within one year after date of discontinuance, the Commission-approved Reconnection Fees will be charged.

33. Applicable Rate Schedules. The Company will at all times have current Rate Schedules on file with the Commission. The rates applicable to these Rate Schedules are subject to change from time to time as permitted by the Commission.

34. Commercial Rate Service Classification. Commercial Rate Service Classification under the Company's Rate Schedules 202 and 252 shall be based on the following criteria:

A. Definitions: As used in Commercial Rate Service Classification, the following terms shall have the meanings assigned below:

- (1) "Annual Review Period" shall mean the twelve (12) months ended on December 31 of each year.
- (2) "Actual Annual Usage" shall mean the actual Gas quantity consumed by the Customer during the Annual Review Period as reflected on the Company's invoices for the Customer.
- (3) "Classification Usage" shall mean the usage criteria that establishes the minimum and/or maximum average daily usage that must be maintained in order to receive Service under a Rate Schedule. The classification usage for Rate Schedule 202 shall be less than an average of 20 dekatherms per day. The classification usage for Rate Schedule 252 shall equal or exceed an average of 20 dekatherms per day but be less than an average of 50 dekatherms per day.
- (4) "Involuntary Curtailment Days" shall mean those days or portions of days in a given Annual Review Period where Curtailment of the Customer's Gas Service was imposed by the Company's decision to curtail.
- (5) "Service Days" shall mean 365 days less the number of Involuntary Curtailment Days.
- (6) "Average Daily Usage" shall be the Customer's Actual Annual Usage divided by the number of Service Days within the Annual Review Period.

B. Procedures:

- (1) At the conclusion of the Annual Review Period of each year and prior to June 1st of the ensuing year, the Company will determine for each Customer served under Rate Schedule 202 and Rate Schedule 252 that Customer's Average Daily Usage.
- (2) Those Customers currently receiving Service under Rate Schedule 202 whose Average Daily Usage is equal to or exceeds 20 Dekatherms a day will be transferred to Rate Schedule 252 effective on the first day

Issued to comply with authority granted by the Public Service Commission of South Carolina

Docket No. 2022-89-G

of June following the most recent Annual Review Period.

(3) Those Customers currently receiving Service under Rate Schedule 252 whose Average Daily Usage in each of the most recent two (2) Annual Review Periods is less than 20 Dekatherms a day will be transferred to Rate Schedule 202 effective on the first day of June following the second, and most recent, Annual Review Period.

(4) Those Customers currently receiving Service under Rate Schedule 202 or 252 whose Average Daily Usage in each of the most recent two (2) Annual Review Periods is equal to or greater than 110% of 50 dekatherms per day will be transferred to Rate Schedule 203, 204, 213, or 214 as applicable.

C. Exceptions: If a Customer currently being billed under Rate Schedule 202 adds Gas equipment that increases the Customer's Average Daily Usage to the point where the Customer will qualify for Rate Schedule 252, the Company may, upon notification from the Customer and subject to installation verification by the Company, transfer the Customer to the new Rate Schedule prior to June 1 of that year.

35. Industrial Rate Service Classification. Rate Service classification under the Company's Rate Schedules, 203, 204, 213 and 214 shall be based on the following criteria:

A. Definitions: As used in rate Service classification, the following terms shall have the meanings assigned below:

(1) "Actual Annual Usage" shall mean the actual Gas quantity sold or transported for the Customer by the Company as reflected on the Company's bills for that Customer.

(2) "Average Dekatherm per Day" shall mean the Actual Annual Usage of the Customer divided by the number of Service Days within the Review Period.

(3) "Classification Usage" shall mean the usage criteria that establishes the minimum and/or maximum average usage that must be maintained in order to receive Service under any Rate Schedule. For existing Customers, the classification usage for Rate Schedule 202 shall not exceed an average usage of 50 dekatherms per day. For existing Customers, the classification usage for Rate Schedules 203, 204, 213 and 214 shall exceed an average usage of 50 dekatherms per day.

- (4) “Involuntary Curtailment Days” shall mean those days or portions of days in a given Review Period where Curtailment of the Customer’s Gas Service was imposed by the Company’s decision to curtail.
- (5) “Review Period” shall mean the twelve (12) months ended on December 31, or the regularly scheduled Meter reading nearest December 31.
- (6) “Service Days” shall mean 365 days less the number of Involuntary Curtailment Days plus the number of days that the Customer consumed an alternative fuel to Gas.

B. Procedure:

Step 1. During January and February of each year, the Company will determine for each Customer served under Rate Schedules, 203, 204, 213 and 214 the Customer’s Average Dekatherm per Day usage for each of the two most recent Review Periods.

Step 2. A Rate Schedule 202 or 252 Customer whose usage is 110% of the 50 dekatherms threshold in the two most recent Review periods will be transferred to Rate Schedule 203, 204, 213 or 214, as applicable. A Rate Schedule 203, 204, 213 or 214 Customer whose usage is equal to or less than 90% of the 50 dekatherms threshold in both of the most recent two Review Periods will be transferred to Rate Schedule 202 or 252 as appropriate. Customers receiving Service under Rate Schedules 203 or 204 shall be eligible to elect Transportation Service to be effective with the rate reclassification.

All changes in rate classification under this section shall be effective on the first day of June following the review.

Step 3. Customers who are reclassified shall be notified of the change in Rate Schedule, and receive a copy of the tariff sheets applicable to the Customer’s old and new Rate Schedules at least 21 days prior to the effective date of the change.

- C. Exceptions: If a Customer adds or retires a major piece of Gas-burning equipment, changes the hours of operations or otherwise materially alters the Customer’s business that will clearly increase, or decrease, the Customer’s consumption on an ongoing basis to a level that will change the Customer’s ability to qualify the Customer for a particular Rate Schedule, the Customer shall report

such changes to the Company and afford the Company an opportunity to inspect the change in equipment and to meet with the Customer to review and discuss the anticipated future level of consumption. If, after such inspection and meeting, the Company is satisfied that reclassification is appropriate, the reclassification will occur within two months after the new equipment is in place and operational, or the retirement is completed, and the first Meter reading reflects the higher anticipated usage resulting from the new equipment or the lower anticipated usage resulting from the retirement. Any reclassification pursuant to this paragraph is subject to correction if actual experience so warrants. If the reclassification results in qualification for Service under Rate Schedule 203 or 204, the Customer shall provide an election form one week prior to reclassification if a transportation election is desired. Otherwise, Service will be provided under Rate Schedule 203 or 204, dependent upon rate qualification.

- D. Requirements: Upon reclassification from Rate 202 or 252 to either Rate 203, 204, 213, or 214, the Customer will be responsible for installing and maintaining, at the Customer's expense, a dedicated 110v electrical service in a location suitable to provide electrical service for the Company's telemetering equipment.

36. Limitation on Liability for Rendering Service on an Incorrect Rate Schedule. If it is determined that the Customer has been placed on an incorrect rate schedule, the Customer shall be placed immediately on the correct Rate Schedule and the Customer's bill shall be adjusted for such period (not to exceed 6 months) that the Customer was on the incorrect Rate Schedule. The Customer and/or Company shall have 90 days in which to pay any such adjustment. Except as herein provided, neither the Company nor the Customer shall have any liability to the other party with respect to the purchase and/or sale of Gas under an incorrect Rate Schedule.

37. Agency Authorization. Certain Rate Schedules permit the Customer to authorize the Customer's Agent to act on its behalf with respect to nominations, imbalance resolution, and/or billing. In order to be considered the Customer's agent, the agent must execute and be in compliance with all the terms of the Customer Agent Agreement form as shown in Appendix B to the Company's Service Regulations.

GAS COSTS RECOVERY MECHANISM

1. Definitions. The following definitions shall apply:

“Benchmark Commodity Cost of Gas” shall mean the Company’s estimate of the City Gate Delivered Cost of Gas for long-term Gas supplies, excluding Demand Charges. The Benchmark Commodity Cost of Gas may be amended from time to time by the Company as provided for in this Gas Costs Recovery Mechanism (GCRM).

“City Gate Delivered Cost of Gas” shall mean the total delivered cost of Gas to the Company at its city gate, including, but not limited to all commodity charges, demand charges, peaking charges, cost of propane, cost of LNG liquefaction/vaporization, surcharges, emergency Gas purchases, over-run charges, capacity charges, customer charges, standby charges, reservation fees, Gas inventory charges, minimum bill charges, minimum take charges, take-or-pay charges, take-and-pay charges, storage charges, service fees and transportation charges and any other charges of any kind whatsoever which are incurred by the Company in connection with the purchase, storage or transportation of volumes of Gas by the Company.

“Commodity and Other Charges” shall mean all charges for the purchase of Gas or for the transportation of Gas other than Demand Charges.

“Demand Charges” shall mean all charges for the purchase of Gas or the transportation or storage of Gas which are not billed on the volume of Gas actually purchased or transported by the Company.

“Tariff Sales” shall mean Gas delivered to customers under a sales Rate Schedule of general applicability. Tariff sales excludes Gas delivered under transportation Rate Schedules, Special Contracts, off-system or sales for resale transactions or other arrangements under which the Gas is not billed under a sales Rate Schedule of general applicability.

II. Gas Costs Recovery Mechanism

In the event the Company anticipates a change in its “City Gate Delivered Cost of Gas,” the Company may increase or decrease its rates to its customers as follows:

APPENDIX A

GAS COSTS RECOVERY MECHANISM

Whenever the Company anticipates a change in the Demand Charges, the Company may change its rates to customers under all Rate Schedules by an amount computed as follows:

$$\begin{array}{rcl}
 \text{(Total Anticipated Demand Charges} & & \\
 \text{- Prior Demand Charges} & & \\
 \text{And Storage Charges) X S.C. Portion*} & & \\
 \hline
 \text{Sales and Transportation Volumes*} & = & \text{Increase (Decrease)} \\
 & & \text{Per Unit}
 \end{array}$$

2. Commodity and Other Charges

Whenever the Benchmark Commodity Cost of Gas is changed, the Company may change the rates to its customers purchasing Gas under all of its sales Rate Schedules by an amount computed as follows:

$$\begin{array}{rcl}
 \text{Volumes of Gas purchases for system supply* X} & & \\
 \text{(New Benchmark Commodity Cost of Gas –} & & \\
 \text{Old Benchmark Commodity Cost of Gas)} & & \\
 \text{X S.C. Portion*} & & \\

 \text{Volumes of Gas purchased for} & = & \text{Increase (Decrease)} \\
 \text{System Supply* (less Company Use* and} & & \text{Per Unit} \\
 \text{Unaccounted For*) X S.C. Portion*} & &
 \end{array}$$

*Established by Commission in the Company's last general rate case or Rate Stabilization Act proceeding.

B. Transportation Rates

Firm and/or interruptible transportation rates shall be computed on a per unit basis by subtracting the per unit Commodity and Other Charges from the applicable firm or interruptible sales Rate Schedule exclusive of any increments or decrements.

C. Other Changes in Purchased Gas Costs

The purpose of this GCRM is to permit the Company to recover the applicable actual cost of Gas from its tariff customers. If, at any time, it should appear that the computations required under this GCRM do not accomplish that purpose, the Company may use a different method to compute changes in its rates; however, any such changes shall not be effective until approved by the Commission.

APPENDIX A
GAS COSTS RECOVERY MECHANISM

III. Monthly True up of Gas Costs

A. Demand Charges

On a monthly basis, the Company shall determine the difference between (a) the Demand Charges recovered and (b) the Company's actual Demand Charges incurred for South Carolina determined by the ratio of South Carolina tariff sales volumes to the combined total of North Carolina and South Carolina tariff sales volumes. This difference shall be placed in the Company's Deferred Account No. 253.

B. Commodity and Other Charges

On a monthly basis, the Company shall determine with respect to Gas sold during the month the per unit difference between (a) the Benchmark Commodity Cost of Gas included in the Company's most recently approved GCRM and (b) the actual Commodity and Other Charges incurred for South Carolina. This difference shall be placed in the Company's Deferred Account No. 253.

C. Supplier Refunds and Direct Bills

In the event the Company receives supplier refunds or direct bills with respect to Gas previously purchased, the amounts of such supplier refunds or direct bills applicable to South Carolina shall be placed in the Company's Deferred Account No. 253.

D. Interest on Deferred Account 253

The Company shall compute interest on the Deferred Account as directed by the Commission.

E. Other

(a) The Company shall file with the Commission a monthly report of the deferred account. The report shall identify the cost of Gas reduction related to capacity released.

(b) Periodically, the Company may file to adjust its rates to refund or collect the balance in the deferred account. Increments and/or decrements shall apply across the board to all sales Rate Schedules unless the Commission specifically approves otherwise.

(c) The Company is permitted to negotiate rates to certain customers to meet the prices of competitive fuels or otherwise to avoid losing these customers. To permit the Company to make sales to these tariff customers without suffering a loss of margin, the

Company shall record the sales and transportation negotiated losses in the deferred account.

(d) Reserved for future use.

(e) The operation of this GCRM and the related Deferred Account can be modified as necessary to accommodate rulings of the Commission that affect its operation as herein defined. For example, recording the WNA balance in the Deferred Account as authorized by the Commission.

IV. Notice to the Commission

The Company shall file with the Commission at least 15 days prior to the date on which any change in its existing rates is to become effective as a result of the GCRM a computation of the rate adjustment and a single rate sheet, entitled "GCRM _____," containing the following information:

APPENDIX B

CUSTOMER AGENT AGREEMENT

This Customer Agent Agreement (“Agreement”) is made this _____ day of _____, 201_, by and between Piedmont Natural Gas Company, Inc. (“Piedmont”) and _____ (“Agent”).

WHEREAS, Piedmont’s natural gas transportation tariffs provide for the ability of Customers receiving Piedmont’s Transportation Services to designate and utilize a third-party Agent for purposes of making nominations for and delivering natural gas to Piedmont on behalf of such Customers and managing imbalances on the Piedmont system resulting from such activities; and

WHEREAS, in undertaking such activities on behalf of Piedmont’s Customers, such Agents have the capacity to create material economic and operational risks for Piedmont and its Customers; and

WHEREAS, Agent desires to act as a Customer Agent on Piedmont’s system; and

WHEREAS, Piedmont is willing to permit Agent to operate on its system under the terms and conditions set forth herein and under the parameters of Piedmont’s approved tariffs and Service Regulations.

NOW, THEREFORE, in consideration of the premises, and other good and valuable consideration the receipt and sufficiency of which is hereby acknowledged, Piedmont and Agent agree as follows:

1. Establishment and Maintenance of Creditworthiness. Each Agent must establish credit with Piedmont in the form of a Letter of Credit, escrow deposit, parental guaranty, or otherwise, in form and substance acceptable to Piedmont, in an amount equal to or greater than the dollar value obtained by the following formula at all times:

The higher of Agent’s average daily load for the previous month or Agent’s First-of-Month confirmed daily nomination quantity for the new month x 3 days x (NYMEX prompt month close) x 1.25.

Each month, at Piedmont’s discretion and prior to accepting nominating transactions for the first of the month business, an evaluation may be made to ensure that the established credit does not fall below the value obtained from the formula shown above. In the event Agent’s established credit falls below the value obtained through application of the formula shown above, either during this monthly evaluation or at any other time, Piedmont may require that the value of said Letter of Credit, escrow deposit, parental guaranty, or other form of assurance be changed at any

time in order to reestablish adequate creditworthiness hereunder. In the event Agent fails to establish creditworthiness as set forth above, or fails to comply within 5 days with directions from Piedmont to increase the amount of its credit instruments as provided herein, then Agent's right to conduct business on the Piedmont system shall be suspended until such time as Agent shall be in compliance with the creditworthiness provisions set forth herein (including any requirements to increase said creditworthiness).

2. Customer Agent Imbalance Restrictions. Agent shall use all reasonable efforts to minimize intra-month imbalances. Agent shall not create a cumulative intra-month imbalance which exceeds three times Agent's aggregate First-of-Month confirmed daily nomination quantity. If this cumulative month-to-date imbalance restriction is exceeded at any time, then Agent's authorization to conduct business on Piedmont's system shall be immediately suspended except to the extent of transactions designed to reduce Agent's cumulative month-to-date imbalance. Upon any such suspension, Agent's authorization to conduct business on the Piedmont system shall not be restored until such time as Agent is in full compliance with the provisions hereof and all applicable provisions of Piedmont's Service Regulations, Rate Schedules and Operational Orders, as in effect from time to time.

3. Allocation of Imbalance Quantities/Penalties. Concurrent with the submission of monthly nominations, Agent shall provide Piedmont with a schedule of allocated nominations for Customers to be served by Agent for the following month. This allocation shall serve as the basis for resolving imbalances with Agent's Customers to the extent those imbalances are not resolved by Agent. In the event Agent fails to submit such schedule, and further fails to resolve any monthly imbalance during the term hereof, those imbalances and any attendant penalties shall be allocated to Agent's Customers, *pro rata*, based upon the actual usage of each such Customer during the month to which the unresolved imbalance and/or penalties is attributable.

4. Failure to Comply with Operational Orders, and Agent Creditworthiness and Imbalance Requirements. If Agent fails to adhere to the imbalance and credit requirements set forth above, or to obey an Operational Order or other specific instructions issued by Piedmont and designed to preserve the operational integrity of Piedmont's system, Agent (a) shall be subject to the Unauthorized Gas penalty provisions of Piedmont's Rate Schedule 206, and (b) shall have its right to transact business on Piedmont's system suspended.

5. Term. This Agreement shall become effective as of the date first written above and shall continue in full force or effect until terminated by either party hereto upon sixty (60) days written notice.

6. Supplemental Nature of Agreement. This Agreement is supplemental to the provisions of Piedmont's approved tariffs and Service Regulations, the provisions of which shall also apply to services rendered hereunder. As such, the restrictions and requirements set forth herein are cumulative in nature and in addition to any other imbalance or penalty provisions set forth in Piedmont's approved tariffs and Service Regulations.

7. Billing and Payment. Billings to Agent for any amounts due hereunder, and payments by Agent on such billings, shall be made in a manner consistent with the billing and payment provisions of the underlying transportation tariffs pursuant to which Service is rendered.

8. Miscellaneous.

- A. Modification. This Agreement may not be modified or amended except by the execution of a written agreement by the parties hereto.
- B. Waiver. No failure by any party to enforce this agreement with respect to any default in the performance of any of the provisions of this Agreement shall operate or be construed to operate as a waiver thereof or of any similar future default.
- C. Assignment. This Agreement may not be assigned by any party hereto without the express written consent of the other party hereto.
- D. Jurisdiction. This Agreement and the respective obligations of the parties hereto are subject to all valid laws, orders, rules and regulations of the Public Service Commission of South Carolina and any other governmental bodies having jurisdiction.
- E. Conflict of Laws. The construction, interpretation, and performance of this Agreement shall be in accordance with the substantive laws of the State of South Carolina without regard to any conflicts of laws provisions thereof.

IN WITNESS WHEREOF, the undersigned parties have executed this agreement as of the year and date first written above.

ECONOMIC DEVELOPMENT RIDER**Applicability and Character of Service**

Gas Service under this rider may be made available, at the Company's discretion, to any Customer that (1) locates a new plant or facility or expands an existing plant or facility within the Company's franchised territory in the State of South Carolina, (2) qualifies for the purchase or transportation of Gas under Rate Schedules 203, 204, 213, or 214, and (3) contracts for natural Gas consumption of not less than 50,000 Mcf per year of new or expanded load, at a single delivery address, for a minimum term of five years. Service under this schedule is interruptible and the Company has the right to discontinue such Service on one hour's notice.

To qualify for Service under this rider a written application shall be made to, and must be approved by, the Company. The application shall, at a minimum, include the following information: (a) a description of the Gas-using facility, including its location and the nature of the business(es) to be conducted at such location; (b) an affirmation that the availability of this rider was a significant factor in the Customer's decision to locate the new or expanded load on the Company's system; (c) the number of full time employees to be employed at the facilities at the end of the first, second, and third years of operation; (d) the new capital to be invested at the facility; and (e) a description of the Gas equipment, including the usage characteristics of the new or expanded Gas load, to be installed at the facility. This rider will apply only to the amount of separately metered additional load added in the case of a facility expansion. Customers participating in this rider must also execute a written contract with the Company evidencing their agreement to the terms of this rider.

Exclusions

This rider is not available to or for (1) existing facilities that temporarily shut down and reopen; (2) Gas loads moved from another site in the State; or (3) an existing facility that became a new Customer solely because of a change in ownership. Notwithstanding the foregoing, any such facilities may, upon application and approval, become eligible for the credits provided by the rider with respect to an expanded load at such facilities.

Rate

The monthly discount, which will be applied to only the portion of the bill calculated for the new or expanded load, shall be computed based upon a declining, three-year percentage reduction in the non-gas margin portion of the applicable Rate Schedule (203, 204, 213, 214). This discount will commence on the Customer's first month billing and continue for a period of three years.

The percentage reductions are as follows:	First Year	-----	45% Reduction
	Second Year	-----	25% Reduction
	Third Year	-----	15% Reduction

The Customer may still negotiate with the Company under the provisions of Rate Schedule 208 while being served on this rate.

ECONOMIC DEVELOPMENT RIDER**Termination/Penalties**

The Company may terminate Service under this rider when:

1. During any consecutive 12 month period within the five year term of the contract the Customer fails to consume at least 50,000 Mcf of Gas through the new or expanded facilities to which this rider is applicable; or
2. Discontinuance of Service to Customer would be authorized under the Company's general tariff provisions.

In the event Service under this rider is terminated by the Company or Customer defaults in its obligations hereunder, Customer will be required to reimburse to the Company, upon demand, an amount equal to all reductions received by Customer under this rider plus applicable interest from the date of such reduction at the rate paid by the Company for Service deposits pursuant to Commission Rule R103-443 and R103-436.

Payment of Bills

Bills are net and due upon receipt. Bills become past due 15 days after bill date.

Late Payment Charge

A late payment charge of 1% per month will be applied to all balances not paid prior to the next month's billing date.

Service Interruption and Curtailment

Gas Service under this Rate Schedule is subject to the provisions contained within Rate Schedule 206, "Schedule for Limiting and Curtailing Service".

Applicable Documents Defining Obligations of the Company and Its Customers

Service under this Rate Schedule is subject to Commission Rules and to the Company's Tariff and Service Regulations. Among other things, Commission Rules and the Company's Tariff and Service Regulations permit the Interruption or Curtailment of Service under certain conditions, including events of Force Majeure and Operating Conditions.
